touches the cliffs North of it, and the two Western Obelisks are in one.

Courses.	DISTANCES.	SOUNDINGS.
1st—W. & S.	1 mile and 100 yards	From 8 to 7 fathoms.
2nd—course—S. W. by S.	1 of a mile	7 fathoms to 4 fathoms, and then suddenly to 21 feet.
3rd—course—S. S. W. to abreast Bradley's Head	1 1/2 miles	21 and 20 feet, and deepening rapidly to 6, 10, and 13 fathoms.
4th—course—to Sydney, West, passing Fort Denison on either hand	1 1/2 miles	Gradually shoaling from 13 fathoms to 7.

EASTERN CHANNEL.

Now that obelisks have been erected as leading marks for the Eastern Channel, it may, in particular cases, be advisable to pass through it, although, on account of its limited width in several parts, and the necessity when entering it from seaward, for suddenly changing the course at right angles, it presents less advantages than the Western Channel. It may, however, be safely navigated by attending to the following instructions:

First.—As in the case for the Western Channel, to clear the South reef, you must pick up the line of the two Western Obelisks in one, W. & S., and immediately after passing two cables' length on that course, Westward of the meridian of the low Light House two obelisks, at high water level, on the strand of the Eastern shore will suddenly unmask, bearing S. & E., when they come in one, which they will do very rapidly, haul sharp up for them, carefully preserving them in line, for the first quarter of a mile, until on your port quarter you observe the North and Inner South Heads, looking. When you may edge off and pass the Northernmost of the two obelisks at half a cable's distance, taking care not to open the obelisks on the slope of the North Head (after they once closed it with the Inner South Head) you observe the spire of St. James' Church, the only spire which makes out in Sydney, the breadth open of Bradley's Head S. W. & W. When the High Light House is seen to the Northward of the chequered obelisk, you are above the Sow and Pigs Shoal, and may bring up in safe anchorage, or proceed up the Harbour, there being no obstructions to the navigation except the reefs of Bradley's Head and Shark Island, mentioned in the directions for the Western Channel.

ENTERING IN THE NIGHT.

Vessels approaching in the night with Southerly or Westerly winds should keep the sea until daylight, but with winds from the Northward or Eastward, and favorable weather, they may safely enter, observing the following directions:

The Leading Light having been made, it should be kept between the bearings of N. W. and S. S. W. until the lower fixed light appears in sight, the light being brought to bear W. by S., a course should be shaped to pass a cable's length to the Northward of the breakers of the reef extending from it, in 9 fathoms water,

which depth is found at a distance of about 45 yards from the Light House. After the meridian of the Low Light is passed, and it has been brought to bear to the Eastward of South, a W. by S. course may be steered until the Floating Light bears S. by W. & W., when a course should be shaped so as to leave the Light Ship a cable's length on the port hand. After passing the Light Ship, the course is S. W. by S., until the Floating Light bears E. S. E., when you will be above the Sow and Pigs Shoal, and have deepened the water to 10 fathoms, and by hauling up S. E. for a quarter of a mile, will find convenient anchorage, in 6 or 9 fathoms sandy bottom, or may proceed further up the Harbour, taking care to avoid vessels and boats lying in the way.

ANCHORAGES WITHIN THE HARBOUR.

Ships of large tonnage, or drawing more than 18 feet, ought not, with a fresh head wind, to attempt to work through the narrow channels between the Sow and Pigs Shoal and the shore, neither should they anchor to the Northward of the Light Ship with the heads open, but rather bear up for Spring Cove or North Harbour, in which safe anchorages may be found. Spring Cove, where the Quarantine Station is established, is a small Bay, (capable of containing four or five moderate sized ships), on the Western side of the promontory forming the North Head of Port Jackson, and lies due North from the Inner South Head Light House. Vessels seeking shelter in it should bring this Light House to bear S. by E. before the North Head is closed with the Inner North Head about E. & S. when they must steer a course about N. by W., passing at a cable's length distance the Hummocky Point, with a flagstaff upon it, which forms the Southern boundary of Spring Cove, when they will be abreast of the anchorage, and may shoot into the Bay until the Inner South Head Light House just touches the Hummocky Point before mentioned, and anchor in 6 or 7 fathoms sandy bottom.

If a ship which has run for Spring Cove should find its limited space so filled by vessels, as to prevent her taking up a berth, she may proceed on a course about N. by W. until a quarter of a mile to the Northward of the North point of Spring Cove, and then anchor, in 6 fathoms at a cable's length from the Eastern shore of North Harbour. Here a ship will be sheltered from the Sea which S. E. winds send into the middle and Western portion of this Harbour.

Strangers to the Port may deem it objectionable to run to leeward for a certain anchorage, and those who have not got a Pilot and cannot stand out again until one can be obtained, when they feel confident of being able to enter, may safely and bring up quickly.

Between Grotto Point and North Head, there is an arm of the sea extending in a North-West direction. It is not navigable for vessels drawing more than 8 feet, a bar of sand being in the mouth. Between Grotto Point and North Head, there is an anchorage, being a sandy bottom, in 10 fathoms water.

touches the cliffs North of it, and the two Western obelisks are in one :

COURSES.	DISTANCES.	SOUNDINGS.
1st—W. $\frac{1}{2}$ S .. $\frac{1}{2}$ mile and 100 yards ..		From 8 to 7 fathoms.
2nd course—S. W. by S .. $\frac{1}{2}$ of a mile ..		7 fathoms to 4 fathoms, and then suddenly to 21 feet.
3rd course—S. S. W. to abreast Bradley's Head .. $\frac{1}{2}$ miles ..		21 and 20 feet, and deepening rapidly to 6, 10, and 13 fathoms.
4th course—to Sydney, West, passing Fort Denison on either hand .. $1\frac{1}{2}$ miles ..		Gradually shoaling from 13 fathoms to 7.

EASTERN CHANNEL.

Now that obelisks have been erected as leading marks for the Eastern Channel, it may, in particular cases, be advisable to pass through it, although on account of its limited width in several parts, and the necessity when entering it from seaward, for suddenly changing the course at right angles, it presents less advantages than the Western Channel. It may, however, be safely navigated by attending to the following instructions :

First.—As in the case for the Western Channel, to clear the South reef, you must pick up the line of the two Western obelisks in one, W. $\frac{1}{2}$ S, and, immediately after passing two cables' length on that course, Westward of the meridian of the low Light House two obelisks, at high water level, on the strand of the Eastern shore will suddenly unmask, bearing S. $\frac{1}{2}$ E, when they come in one, which they will do very rapidly, haul sharp up for them, carefully preserving them in line for the first quarter of a mile, until on your port quarter you observe the North and Inner South Heads locking, when you may edge off and pass the Northern most of the two obelisks at half a cable's distance, taking care not to open the obelisks on the slope of the North Head after it is once closed it with the Inner South Head) when you observe the spire of St. James' Church, (the only spire which makes out in Sydney), its breadth open of Bradley's Head S. W. $\frac{1}{2}$ W. When the High Light House is seen to the Northward of the chequered obelisk, you are above the Sow and Pigs Shoal, and may bring up in safe anchorage, or proceed up the Harbour, there being no obstructions to the navigation except the reefs off Bradley's Head and Shark Island, mentioned in the directions for the Western Channel.

ENTERING IN THE NIGHT.

Vessels approaching in the night with Southerly or Westerly winds should keep the sea until daylight, but with winds from the Northward or Eastward, and favorable weather, they may safely enter, observing the following directions :

The Revolving Light having been made, it should be kept between the bearings of N. W. and S. S. W. $\frac{1}{2}$ W., until the lower fixed light appears in sight, this light being brought to bear W. by S., a course should be shaped to pass a cable's length to the Northward of the breakers on the reef extending from it, in 9 fathoms water,

which depth is found at a distance of about 450 yards from the Light House. After the meridian of the Low Light is passed, and it has been brought to bear to the Eastward of South, a W. by S. course may be steered until the Floating Light bears S. by W. $\frac{1}{2}$ W., when a course should be shaped so as to leave the Light Ship a cable's length on the port hand. After passing the Light Ship, the course is S. W. by S., until the Revolving Light bears E. S. E., when you will be above the Sow and Pigs Shoal, and have deepened the water to 10 fathoms, and by hauling up S. E. for a quarter of a mile, will find convenient anchorage in 8 or 9 fathoms, sandy bottom, or may proceed further up the Harbour, taking care to avoid vessels and boats lying in the way.

ANCHORAGES WITHIN THE HEADS.

Ships of large tonnage, or drawing more than 18 feet, ought not, with a fresh head wind, to attempt to work through the narrow channels between the Sow and Pigs Shoal and the shore, neither should they anchor to the Northward of the Light Ship with the heads open, but rather bear up for Spring Cove or North Harbour, in which safe anchorage may be found. Spring Cove, where the Quarantine Station is established, is a small Bay, (capable of containing four or five moderate sized ships), on the Western side of the promontory forming the North Head of Port Jackson, and lies due North from the Inner South Head Light House. Vessels seeking shelter in it should bring this Light House to bear S. by E. before the North Head is closed with the Inner North Head about E. $\frac{1}{2}$ S. when they must steer a course about N. by W., passing at a cable's length distance the Hummocky Point, with a flagstaff upon it, which forms the Southern boundary of Spring Cove, when they will be abreast of the anchorage, and may shoot into the Bay until the Inner South Head Light House just touches the Hummocky Point before mentioned, and anchor in 6 or 7 fathoms, sandy bottom.

If a ship which has run for Spring Cove should find its limited space so filled by vessels as to prevent her taking up a berth, she may proceed on a course about N. by W. until a quarter of a mile to the Northward of the North point of Spring Cove, and then anchor, in 6 fathoms at a cable's length from the Eastern shore of North Harbour. Here a ship will be sheltered from the Sea which S. E. winds send into the middle and Western portion of this Harbour.

Strangers to the Port may deem it objectionable to run to leeward for a confined anchorage, and those who have not got a Pilot had better stand out again until one can be obtained, unless they feel confident of being able to take in sail smartly and bring up quickly.

Between Grotto Point and Middle Head, and due West of North Head, lies Middle Harbour, an arm of the sea extending several miles in a North-West direction. It is open to the Eastward, and not navigable for vessels drawing more than 9 feet, a bar of that depth running across its mouth. Neither does Hunter's Bay, situated at the entrance to Middle Harbour, afford good anchorage, being open to Easterly winds, and the bottom foul.

TIDES.

The Tides in the Harbour of Port Jackson do not run with great velocity, the maximum rate of the ebb being two, and of the flood one-and-a-half knots. Their course is generally that of mid-channel, except at the entrance, where the ebb-tide, running strong near the North Head, leaves a considerable space of slack water to the Southward, of which vessels working in can avail by tacking to the Southward whenever the Floating Light Ship is seen open of the Inner South Head. The times of high water, full, and change, are at the Heads 8H. 15M., and at Sydney, 8H. 30M.; rise and fall 6 feet.

All bearings herein given are magnetic, and the soundings those at low water spring tides.

FINANCIAL DEPARTMENT.

SIR,

I AM directed to acknowledge the receipt of your Letter, No. 2173, dated the 21st Ultimo, on the subject of Notices of Leave of Absence granted to Uncovenanted Servants sent to your Office.

2. It appears that your Office makes deductions on account of Leave of Absence only from the Salaries of those Uncovenanted Servants who receive their appointments direct from Government; but that in all cases in which Clerks and other Ministerial Officers are allowed Leave of Absence, the Head of the Department or Office in which they are employed is left to make the deductions, your Office simply passing the Salary Abstract of such Establishment, without taking cognizance of the deductions made therein by the Head of the Department or Office, provided the Rule laid down in the Financial Resolution of the 18th December 1843 is not infringed.

3. In reply, I am desired to inform you, that the Right Hon'ble the Governor General in Council is of opinion that the practice of your Office is incorrect. The Rules of the 22nd February 1856, he observes, are applicable to "All Officers in the Uncovenanted Service of the Government who may be in the receipt of Salaries of Rupees 100 a month and upwards," and it seems to His Lordship in Council that your Office ought invariably to make the deductions provided for in the Rules, in every case in which Leave is granted to such Officers under the rules, whether it be granted by Government, or by Officers to whom power to act upon the Rules may have been delegated by Government.

4. In respect to Officers drawing Salaries of less than Rupees 100 a month, it has been ruled, in the Financial Resolution of the 6th February 1857, that the Heads of Offices should, in granting Leave, be guided by the spirit of the Rules prescribed for those servants who are in the receipt of Salaries of Rupees 100 a month and upwards, and that all cases in which Leave is so granted to Uncovenanted Servants whose Salaries are less than Rupees 100 per month, shall be reported to the Civil Auditor and the Military Auditor General, respectively, in the manner prescribed in the Orders of the 25th July last, viz., that the Auditors should be furnished, on the 1st May in each year, with "An Annual Return showing the Leave of Absence granted during the year (preceding), under the new Uncovenanted Civil Service Absentee Rules, to those Uncovenanted Servants whose Leave might not have been notified in the Gazette."

A. B.	Head Assistant...	600 0 0	Section V. Chap. II...	{ Nine Months from 1st Jan. to 30th Sept 1859 }	30 0 0	6	300 0 0	0 0 0

Total									20 0 0

5. But this arrangement seems to His Lordship in Council to be insufficient. It does not provide, as it ought to do, for deductions from Salary by the Offices of Audit, and His Lordship in Council therefore directs that in future all cases in which Leave not notified in the *Government Gazette* is granted to Uncovenanted Servants in excess of the few days provided for in the Financial Resolution, No. 2520, dated the 12th June 1857, shall be reported monthly (instead of annually) to the Civil Auditor or the Military Auditor General, as the case may be, in the Form entered in the margin; the Offices of Audit being left to check the amounts entered in the Form at the time the Establishment Bills are sent in to be passed, on the understanding that deductions are invariably to be made, in accordance with the Rules, from the pay of all Absentees whose names are entered in the Form (whether they may be in the receipt of Rupees 100 a month or less), except when special directions are issued by the Heads of Offices to make larger deductions, which may be necessary in cases of Officers drawing less than Rupees 100, whose duties cannot otherwise be provided for without extra expense to Government.

I have the honor to be,

SIR,

Your most obedient Servant,

FINANCIAL DEPARTMENT.

SIR,

I AM directed to acknowledge the receipt of your Letter, No. 2173, dated the 21st Ultimo, on the subject of Notices of Leave of Absence granted to Uncovenanted Servants sent to your Office.

2. It appears that your Office makes deductions on account of Leave of Absence only from the Salaries of those Uncovenanted Servants who receive their appointments direct from Government; but that in all cases in which Clerks and other Ministerial Officers are allowed Leave of Absence, the Head of the Department or Office in which they are employed is left to make the deductions, your Office simply passing the Salary Abstract of such Establishment, without taking cognizance of the deductions made therein by the Head of the Department or Office, provided the Rule laid down in the Financial Resolution of the 18th December 1843 is not infringed.

3. In reply, I am desired to inform you, that the Right Hon'ble the Governor General in Council is of opinion that the practice of your Office is incorrect. The Rules of the 22nd February 1856, he observes, are applicable to "All Officers in the Uncovenanted Service of the Government who may be in the receipt of Salaries of Rupees 100 a month and upwards," and it seems to His Lordship in Council that your Office ought invariably to make the deductions provided for in the Rules, in every case in which Leave is granted to such Officers under the rules, whether it be granted by Government, or by Officers to whom power to act upon the Rules may have been delegated by Government.

4. In respect to Officers drawing Salaries of less than Rupees 100 a month, it has been ruled, in the Financial Resolution of the 6th February 1857, that the Heads of Offices should, in granting Leave, be guided by the spirit of the Rules prescribed for those servants who are in the receipt of Salaries of Rupees 100 a month and upwards, and that all cases in which Leave is so granted to Uncovenanted Servants whose Salaries are less than Rupees 100 per month, shall be reported to the Civil Auditor and the Military Auditor General, respectively, in the manner prescribed in the Orders of the 25th July last; viz., that the Auditors should be furnished, on the 1st May in each year, with "An Annual Return showing the Leave of Absence granted during the year (preceding), under the new Uncovenanted Civil Service Absentee Rules, to those Uncovenanted Servants whose Leave might not have been notified in the Gazette."

MONTHLY STATEMENT of Leave of Absence granted to Uncovenanted Servants drawing more than Rupees 10 per Mensem, for the Month of

Name of Absentee	Office held by Absentee	Monthly Salary of Absentee	Section of Rules under which Leave is granted, or nature of Leave	Period of Leave	Amount of deduction from Salary	Number of Substitute	Amount payable to Substitute	Net Amount to be retrenched from Pay Abstract for the above Month	REMARKS.
A. B.	Head Assistant	600 0 0	Section V. Chap. II.	Nine Months, from 1st Jan to 30th Sept 1859	300 0 0	E. F.	300 0 0	0 0 0

V. Z.	Moonshee	40 0 0	Sick Leave	One Month, viz., March 1859	20 0 0	None	0 0 0	20 0 0	
Total									20 0 0

5. But this arrangement seems to His Lordship in Council to be insufficient. It does not provide, as it ought to do, for deductions from Salary by the Offices of Audit, and His Lordship in Council therefore directs that in future all cases in which Leave not notified in the *Government Gazette* is granted to Uncovenanted Servants in excess of the few days provided for in the Financial Resolution, No. 2520, dated the 12th June 1857, shall be reported monthly (instead of annually) to the Civil Auditor or the Military Auditor General, as the case may be, in the Form entered in the margin; the Offices of Audit being left to check the amounts entered in the Form at the time the Establishment Bills are sent in to be passed, on the understanding that deductions are invariably to be made, in accordance with the Rules, from the pay of all Absentees whose names are entered in the Form (whether they may be in the receipt of Rupees 100 a month or less), except when special directions are issued by the Heads of Offices to make larger deductions, which may be necessary in cases of Officers drawing less than Rupees 100, whose duties cannot otherwise be provided for without extra expense to Government.

I have the honor to be,

SIR,

Your most obedient Servant,

ALLAHABAD, FRIDAY, JULY 2, 1858.

No. 1918.

The Governor General has been pleased to appoint Lieutenant W. F. Ireland, 25th Native Infantry, to do duty with the Rewah Levies, under the Command of Lieutenant-Colonel Hinde.

*General Orders by the Right Hon'ble the Governor
General of India.*

No. 1939.

The Right Hon'ble the Governor General has much pleasure in giving publicity to the following account, given by Hukeem Saadut Alee Khan, of a successful attack which was made on the Rebels at Islamnuggur of the Budaon District by the Troops of the Nawab of Rampoor.

This enterprize, while it reflects credit on the personal conduct of Hukeem Saadut Alee Khan, who Commanded the Troops on the occasion, bears strong testimony to the loyalty of the Nawab of Rampoor, and to the readiness with which His Highness has placed his resources at the disposal of the British Government to aid in the suppression of disorder in Rohileund :—

*ABSTRACT Translation of a Despatch from
Hukeem Saadut Alee. of operations of the
Force under his Command, against the Rebels,
under the leadership of Baboo Ramnarain at
Islamnuggur, in the District of Budaon, addressed
to his Highness the Nawab of Rampoor, dated 8th
June 1858.*

In obedience to the Orders of your Highness, the Force under my Command marched from Moradabad, and reached Chundousee on the 29th May, and there halting the next day, I sent out spies to Islamnuggur to ascertain the Force and position of the Enemy. They returned in the evening, bringing intelligence that Baboo Ramnarain, with his Force and 4 Guns, was encamped in a Bagh to the East of Islamnuggur, and having heard of my advance, was preparing for resistance. The object of my halt having been attained, I moved from Chundousee at 1 o'Clock next morning, and reaching a village one mile from Islamnuggur, by 6 A. M., there disposed of the Force in three Columns, each composed of two Guns, Cavalry and Infantry. Baboo Ramnarain having got intimation of our approach moved off to the West of Islamnuggur, and at once opened a brisk fire upon us. A high Westerly wind blew at the time and threw up the dust so thick, that no object, fifty paces ahead, was discernible. The Guns of two of my Columns were, however, soon brought into play, but finding that they were doing little or no execution, I determined on a reconnoissance of the Enemy's position, and after riding Westward about 400 paces, I descried his Guns. Getting up two of mine to the spot where I was, I opened a cross-fire, and it was not long before one of his was silenced. A party of Cavalry in the meantime was sent round by me to occupy a position to the rear of the Enemy, but he was now in flight towards Islamnuggur, with my Troops following. Here, however, he rallied, but was soon

dislodged, Ramnarain being among the slain. The rout was now complete, and the pursuit was maintained to the Russulpore Nuddee, when men and cattle being fatigued, we returned to Islamnuggur.

Three Guns and several carts of ammunition, baggage, &c., were captured. Our Casualties were trifling. The Enemy had 20 killed, and 57 taken captives.

SIR,

I HAVE the honor to forward a Despatch from Lieutenant-Colonel Whistler, Commanding the post of Soraon, with enclosures, detailing the operations of a Detachment of Troops under the immediate Command of Lieutenant Aynsley, 6th Madras Light Cavalry, who successfully encountered a force of Rebels far superior in numbers, and by the ability he displayed in his disposition, and the bravery and determination of the 6th Madras Cavalry, he was enabled to destroy and capture a great many.

SIR,

I HAVE the honor to report, for the information of the Brigadier Commanding that on the receipt of your letter No. 514, at 8 p. m., on the 9th Instant, I immediately gave orders for a party, as per margin, under Command of Lieutenant Aynsley, 6th Madras Cavalry, (being the only Native Troops available, the heat being too great to detach Europeans) to march at midnight, to attack a party of Rebels at Kurnai-pore, about 12 miles South-East of this, said to be about (1000) one thousand, and headed by the Rebel Beni Bahadoor Sing. The expedition appears to have been very ably and most successfully carried out, and the Detachment 6th Madras Cavalry behaved admirably, and with great zeal and gallantry against an Enemy more than five times their number, who fought desperately, first firing their matchlocks, and then defending themselves with swords. The report of Lieutenant Aynsley, who Commanded the Detachment, I beg to enclose for submission to the Brigadier.

I have, &c.,

FROM
LIEUTENANT G. H. M. AYNSELEY,

To
THE STATION STAFF OFFICER,
Soraon.
Dated Camp Soraon, 10th June 1858.

SIR,

I HAVE the honor to state, for the information of the Officer Commanding, that this morning, a little after 12 o'clock, I proceeded, according to my instructions, with the Force noted in the margin, to Kurnai-pore (distant from this about fourteen miles to the Eastward, and one of the residences of Beni Bahadoor Sing), for the purpose of attacking the Rebels congregated there.

I arrived near the place at sunrise, and sent one Troop round to the South of the village, which had the effect of making the Rebels think we were going to attack on that side, and they accordingly, to the number of about 500 well armed men, marched out, as I wished, towards the North, in good order, with a strong advance and Rear Guard.

Being joined by the Troop I had detached, I advanced with the Squadron to the attack of the main body, which was completely successful. The Enemy attempted to stand the charge, but in vain; he was instantly broken, thirty-one of his men were counted dead on the field, (and many more must have been killed, but I had not time to go over all the ground,) and eleven prisoners were taken. The slaughter would have been greater, but every individual fought with desperation, discharging and throwing away his musket or matchlock, and fighting with his sword. My men were thus scattered over the country, in hand to hand fights, and my own charger being so weak from loss of blood from a sword cut, that I was obliged to dismount, I was unable to carry on the pursuit as far as I could have wished.

The conduct of all ranks gave me the greatest gratification, and I desire to bring to the particular notice of the Commanding Officer, the gallant way in which, without having any support at hand, and opposed to a force so immensely superior in numbers, standing firmly to receive them, they rushed to the charge, shouting "deen, deen," more especially when it is considered, that this is the first time they have ever been called on to charge a determined Enemy, many of whom were Sepoys. Where all did their duty so well, it would be invidious to mention names.

I have brought in 30 matchlocks and 5 muskets and 11 swords, found on the field; many more were scattered about, but as I wished to return as soon as possible, to save the Troops from the sun, I was unable to collect them.

I am sorry to report, that Havildar Gholam Moha-deen was killed, one Trooper had his arm broken, and one Farrier was wounded. One Horse was killed, one missing and two wounded.

After the action was over, I returned to Kerama, remained there during the heat of the day, and returned to Camp in the evening.

I have said nothing of the Infantry in this Report, as they were unfortunately unable to take part in the action, but I was much pleased with the steady way in which they advanced to the attack of Kurnai-pore under Lieutenant Sawers, before it was found to be evacuated.

I have the honor to forward Lieutenant Sawers's Report.

Dated Fort Soraon, 11th June 1858

SIR,

I HAVE the honor herewith to forward a Report of the proceedings of the Infantry Force placed under my orders, at the village of Kurnai-pore yesterday. The Force as per margin was made over by you to me on our arriving at Kurnai-pore, where the Sepoys in the service of the Rebel Beni Bahadoor Sing, were found collected in force.

According to your instructions, I took my men to the North of the village, that having been represented by you to be the weakest point for an attack.

When proceeding to carry out your orders, I was met by a villager, who reported that the Enemy to the number of 500, were collected in a grove of trees about 200 yards in advance of the intended point of attack. I at once communicated with you; when we were talking together, your Trumpeter called your attention to a body of Infantry moving off in regular order from the said grove.

Your orders were to follow the Cavalry; this I did, halting for some time in the grove, in the chance of cutting off any of the Enemy that might try to double back, and gain the entrenchment they had so shortly before evacuated. Seeing that none of them returned, I pushed my men towards the

fight as fast as I could, and joined you about a mile ahead. A large garden lay to our right. This I searched, but saw no one, so returned to the village of Kurnaipore, which was found to be quite destroyed by fire, and deserted by its inhabitants.

In conclusion, I beg to bring to your notice, the conduct of the new Police Levy, who quite emulated the Sikh Soldiers in their anxiety to reach the front, where the Cavalry were skirmishing, and had they had an opportunity, I doubt not they would have acquitted themselves with credit.

No 239 of 1858.—The Right Hon'ble the Governor General is pleased to direct the publication of the following Despatch, from Brigadier-General Sir E. Lugard, K. C. B., Commanding Azingurh Field Force, dated 14th June 1858, enclosing a Report from Brigadier Douglas of his operations and arrangements for intercepting the Enemy in the vicinity of Buxar:—

FROM
BRIGDR.-GENL. SIR E. LUGARD, K. C. B.
Comdy Azingurh Field Force.

TO
THE CHIEF OF THE STAFF,
Army Head Quarters.
Camp Narainpoor, 14th June 1858.

SIR,
AFTER despatching my letter of yesterday's date, I received the accompanying Official Report from Brigadier Douglas, which I herewith beg to forward.

To show the rapidity and secrecy with which the Rebels conduct their movements, I beg to state, that in order to guard against the return of any party from the West towards the jungles, without my getting timely intelligence, so that I might intercept them, I posted at "Boop-Sagur," a village 18 miles to my south-west, on the track taken by the Rebels in their flight. Captain Rut-tray with his Sikh Battalion, who again threw forward scouts some miles in the same direction, and constantly had parties patrolling to the different villages; but in spite of every precaution, the Rebel force were at "Mednespore," within four miles of him, before he could communicate with me, and passed on towards the jungle, the same night. Every endeavour to obtain information from the spy of the District has proved vain; scarcely

ever has any intelligence been given to us, until the time has passed when advantage could be taken of it.

I have the honor to be,
Sir,
Your most obedt. Servant,
EDWARD LUGARD, Brigdr.-Genl.,
Comdy. Azingurh Field Force.

P. S.—5 P. M.—14th June.—A report has just reached me, that the Rebels made for the Sonue towards "Beta," or Nonone, at day-break this morning, with intention of crossing the river. I have despatched scouts to ascertain the truth of this, and will report to-morrow.

I moved my Camp to this side (East) of Jugdes-pore this morning, in order, if possible, to check any movement of this kind.

EDWARD LUGARD.

FROM
BRIGADIER JOHN DOUGLAS,
TO
THE CHIEF OF THE STAFF,
Azingurh Field Force.
Camp Buxar, 12th June 1858.

SIR,
I HAVE the honor to state, for the information of Brigadier-General Sir Edward Lugard, K. C. B., that according to his instructions, I proceeded on the evening of the 7th Instant, with a Force as per margin, en route to Buxar. I arrived at Shah-poor at 11 P. M., and bivouacked; 8th marched to Saumgunge, 12 miles, and encamped. Two men of the 84th died from sun-stroke this-day. 9th, marched to Buxar, 14 miles, and encamped. 10th, understanding that the Rebels occupied the village of Ghamur, I advanced to attack them; at three miles from Buxar, crossed the Sarrouddy, by a plank bridge; when within a mile of the Kurrunnassa River, I received information that a body of the Enemy had crossed to this side of the river. I sent forward the Cavalry and Horse Artillery under Command of Major Mitchell, R. H. A.; the Artillery advanced to the river side, marked by the Cavalry, and discovered the Enemy, who had re-crossed the river, in a tope at some 500 yards distance; they fired about twelve rounds, dispersed and killed several of the Enemy. The river not being fordable, and there being no bridge, the Cavalry and Artillery returned to the main body; the Force then proceeded to Chawsa, 9 miles from Buxar, and encamped; during the afternoon a bridge-of-boats was thrown across the Kurrunnassa, by Captain Wilkinson, Deputy Assistant Quarter Master General, and a Guard sent over for its protection. 11th, no certain information of the Enemy's movements could be obtained; crossed the river at 4 A. M., and advanced through Barra to Ghamur; a thick tope of trees surrounds the village; at about 1,200 yards distance, a number of people were seen in the tope; two Companies of the 84th advanced in skirmishing order and drove them off. I then moved to the rear of and round the village, sending skirmishers through it, but could not discover the Enemy; the accounts of his movements were very conflicting. I sent the Cavalry and

Artillery forward to Sheepoor Ghaut, to intercept them if they were crossing the river, having heard that the main body had taken that direction; but they did not see them. I heard afterwards that they had gone South and South-West. I burned the villages of Ghanur and Barra, recrossed the Kurrumnassa and encamped near Chawsa. Three men of the Royal Horse Artillery died during the night from the effects of the sun, and one man of the 84th, one Horse and one Trooper of Battray's seikhs were slightly wounded, while burning the villages; the Detachment of this Regiment joined me on my marching out of Buxar. The heat during the operations was intense, and the Troops suffered much, particularly the 84th Regiment, who have now been thirteen months in the field. I consider this Regiment at present to be quite unfit for active service; the men have no positive disease, but they are so exhausted, that they can neither eat nor sleep. 12th, I returned to Buxar, and encamped. In the village of Ghanur, 45 brood mares belonging to Government were recovered and handed over to Mr. Jackson, of the Stud Establishment here, who accompanied the Force. In conclusion, I beg to state, that I have every reason to be satisfied with the way in which all did their duty.

I have the honor to be,

TO

MAJ.-GENL. SIR W. R. MANSTFIELD, K. C. B.,

Chief of the Staff of His Excellency the

Commander-in-Chief in India.

Kamptee, the 2nd June 1858.

SIR,

I do myself the honor of laying before you the following circumstances, for the favorable consideration of His Excellency the Commander-in-Chief in India.

It will be remembered, that at the commencement

D Compy. 3rd Battr. Madras Arty.
65 Rank and File (Europeans), with
6 Guns.

3rd Squadron 4th Regt., Madras
Lt. Cavy., 92 Sabres.

Head Qrs. 33rd Regt. Madras N. I.
425 Rank and File.

Rifle Company 1st Regt. Nagpore
Irregular Infy., 91 Rank and File.

of the Mutinies, a small Moveable Column as per margin, was organized from the Nagpore Force, for service in the Saugor and Nerbudda Territories.

This Column reached Jubbulpore, on the 21st August 1857, and was there joined by two Companies of the 28th Regiment Madras Native Infantry, and two Companies of the Bengal 52nd Regiment Native Infantry. The whole then proceeded towards Saugor, but in consequence of the incessant rain, and the almost impassable state of the roads and rivers, did not reach Damoh till the 30th August.

Dumoh, which was garrisoned by about 500 of the 31st Bengal Native Infantry, 2 Companies of the 42nd Bengal Native Infantry, and about 120 of the 3rd Bengal Irregular Cavalry, with two 6-pounder Guns, had been for some time hard pressed by the Rebels and Mutineers, but who at once withdrew on the approach of the Column. I however found it necessary to send out large Detachments against several petty Chiefs in the neighbourhood before advancing upon Saugor, *vide* marked A. and B.

On the 7th September, I was obliged, in consequence of very alarming accounts from Jubbulpore, to detach 2 Guns of the European Battery of Artillery, 1 Troop of the 4th Light Cavalry, and 3 Companies of the 33rd Madras Native Infantry, for the protection of that Station. This Detachment, under the Command of Captain Tottenham, of the 4th Light Cavalry, reached Jubbulpore in ample time to secure the safety of that important Station, which would otherwise have been destroyed.

With my Force thus reduced, it was hardly possible to effect much, but I still persisted in my attempt to relieve Saugor, and had got as far as the right bank of the Sonar River on the 8th September, when my further progress was arrested by the intelligence, that the Dinapore Mutineers were menacing the Rewah Territories, and might come down upon Jubbulpore.

The aspect of affairs was at this time very unpromising, the Rewah Rajah having intimated to Lieutenant Osborne, the Political Agent at his Court, his inability to protect him; we therefore returned to Dumoh, around which the Rebels had again collected, but who fled at our approach.

About midnight on the 19th September, an express arrived, conveying the intelligence of the Mutineers of the 50th and 52nd Regiments Bengal Native Infantry, at Nagode and Jubbulpore. It now became imperatively necessary for us to return at once to Jubbulpore, and before doing so to disarm the two Companies of the 52nd Bengal Native Infantry, which was accomplished early next morning without bloodshed, notwithstanding that the muskets of the 52nd were loaded at the time, they having just returned from a tour.

On the 21st September, the Column was en route to Jubbulpore, having brought away with it a Lac and 20,000 Rupees from the Government Treasury, a considerable quantity of ammunition, and the arms of disarmed party of the 52nd.

On the 27th September, the Column, while passing through a dense jungle near Kuttungunj, about 23 miles from Jubbulpore, was attacked by the Mutineers of the 52nd Regiment Bengal Native Infantry and a large body of Rebels, who, after a brisk skirmish, were completely repulsed, *vide* marked C.

This I believe was the first time that Madras Sepoys had been called upon to act against the Mutineers, and it was highly gratifying to find, that there was no sympathy whatever between the men of e two Armies.

The Column reached Jubbulpore with all the Treasure, &c., on the 1st October.

From this period till the end of January, the Column was employed in protecting Jubbulpore, and the neighbouring District, and parties of greater or less strength, were continually obliged to be sent out to drive back the Rebels, the whole country being up in arms against us.

In one of these skirmishes, the brave and talented Major Jenkins, of the Quarter Master General's Department, was shot dead, while leading on his men in an attack upon the Rebels near Kuttungunj, *vide* enclosure marked D.

On another occasion, Captain Tottenham, of the 4th Madras Light Cavalry, was mortally wounded, while pursuing at the head of his Troop, some Rebels near Ghosulpore, *vide* enclosure E.

I beg here to acknowledge my obligations to Major Erskine, Commissioner of the Jubbulpore and Saugor Territories, who accompanied the Column, and was present during the encounter with the Mutineers at Kuttungunj, and without whose energetic assistance in procuring elephants and supplies, it would have been impossible for the Column to have made any forward movement during the very heavy monsoon in which its operations were conducted.

Although it did not fall to the lot of this Column to see any severe fighting, yet it was continually engaged in sharp skirmishes with the Rebels, in all of which it was uniformly successful, and in addition to which, the men were subjected to great hardships and privations, in consequence of long and continued marches in the midst of an exceedingly heavy monsoon, over roads, the state of which may be imagined when I mention, that the battery of Artillery was seventy-six hours in accomplishing a march of 11 miles with the aid of numerous elephants.

In conclusion, I beg to draw attention to the fact, that on the occasion of the mutiny of the 52nd Bengal Native Infantry the preservation of Jubbulpore, together with the extensive public buildings, treasure, &c., was owing to the presence of Captain Tottenham's Detachment, and the firm attitude he then assumed.

Moreover, the advance of the Column to Dumoh saved that Station, and the lives of the Europeans there, as also the Government Treasure, and induced the Shahgurrh Rajah to release Lieutenant Gordon and the other Europeans he had detained in confinement for nearly three months.

TO

COLONEL J. MILLAR,

Comdg. Nagpore Moveable Column.

Camp Dumoh, 19th September 1857.

SIR,

I HAVE the honor to inform you, that on the morning of the 17th instant, I proceeded, agreeably to your orders, with the Force as per margin, for the purpose of collecting grain from certain Rebel villages.

2. On arriving with a reconnoitring party at Nursinghur, I found that the Fort was a very strong stone-built place, with a wet ditch, and well covered with gardens and stone enclosures. The Fort was occupied by about 250 matchlock-men.

3. Behind the Fort runs the Sonar River, having a very deep and difficult ford immediately behind the Fort, and another pretty good ford about half a mile lower down.

4. Finding that the Enemy were so strongly posted, I extended a portion of the Infantry to cut them off from the lower ford, and brought the Guns into position for throwing shrapnel.

5. Before, however, a shot could be fired from the Guns, the Enemy suddenly retired, and advancing the Infantry at a run, we came on the Enemy retreating in confusion across the upper ford.

6. The river at this ford is about 250 yards wide, the stones were exceedingly slippery, the water at one place so deep as to oblige men to swim, and the current was running with great force.

7. The Enemy had to make their way across the above difficult ford, under a heavy and continuous fire, poured in by our men from the bank above; and the panic was so great, that hardly a shot was fired in return.

8. Upwards of 30 prisoners were taken in the Fort and Town, 13 of whom were hung at Nursinghur by the Civil Authorities, and the remainder brought into Dumoh.

9. On the morning of the 18th, Lieutenant Neumbard, the Deputy Commissioner of the District, received a report from Busseah (a village under the hills about 10 miles South-East of Nursinghur) informing him that during the previous night, the Enemy had fled in great disorder through the place, and given out that they had lost 50 men killed in the river: and on hearing this, a number of Rebels, who had for some time occupied Busseah, fled with them to the hills.

10. Captain Ludlow, Field Engineer, having demolished the outer works of the Fort, and partly filled up the ditch, the Detachment, agreeably to your instructions, returned to Camp this day.

I have the honor, &c.,

To
THE ADJT. GENERAL OF THE ARMY,

Camp Dumoh, the 3rd September 1857.

SIR,

I HAVE the honor to report, for the information of His Excellency the Commander-in-Chief that, at the request of the Commissioner of the Saugor and Nerbudda Territories, a party as per margin, under my Command, marched without tents or baggage against Balacote, 15 miles distant, a large village with an old Fort on a neighbouring hill, and the residence of a Rajah of the Lodhee caste named Surroop Sing, who had assisted with his followers in the attack upon Dumoh, and been very active in plundering the neighbouring village.

2. The Detachment marched from Camp at 11 A. M. on the 1st Instant, and arrived within a mile of the place at about 11 A. M. The last 4 miles was a steep and rugged ghât, and through a dense jung which extended to within a few hundred yards of the place.

3. At about a mile from the village, I observed small open valley leading down towards the right, which I ordered the Cavalry to proceed and endeavour to surround the village, and cut off the retreat of the Rebels. When the Infantry approached within about $\frac{1}{2}$ of a mile from the town, the Enemy opened a brisk fire upon them, but were speedily driven in by the 33rd and 52nd, who advanced in skirmishing order and vied with each other in pushing forward, and would have entered the place, but I thought it prudent to halt them out of reach of fire till the Guns which were close in the rear came up, and from a height which commanded the town, fired a few rounds into it, when I allowed the Infantry to go on, who entered the town, but found it completely evacuated, and most of the property removed.

4. I regret to say, that in the skirmish in the jungle, three men of the 33rd were wounded, one of whom has since died. I was unable to ascertain what loss was sustained by the Enemy, on account of the thickness of the jungle; there was, however, one of the Enemy killed in the evening by a party sent out to clear the immediate neighbourhood of the Town previous to my picquets being posted.

5. I have much pleasure in expressing my satisfaction at the manner in which the whole of the Troops employed behaved; the Artillery deserve great credit for the rapidity with which they brought up their Guns over an almost impassable road.

6. The Detachment, after having destroyed and set fire to the village, returned to Camp the next day by a different road, destroying one of the Enemy's recently deserted villages en route.

7. I beg to enclose the Doctor's Return of Casualties.

Comdg. Kamptee Moveable Column.
To
THE ADJUTANT GENERAL OF THE ARMY,
Port St. George.
Camp Kuttunghee, the 28th September 1857.

SIR,

I HAVE the honor to report, for the information of His Excellency the Commander-in-Chief that, thanks be to God, the Kamptee Moveable Column gained a complete and decisive victory over the Mutineers of the 52nd Bengal Native Infantry, numbering about 500 Rank and File, and 1,000 Insurgent matchlock-men, on the 27th September 1857.

The 52nd Regiment Bengal Native Infantry, having mutinied at Jubbulpore, it was decided, that the Town and District of Dumoh should be abandoned by regular Troops, and that the Moveable Column under my Command, strength as per margin, having disarmed the Detachment of the Bengal 52nd Native Infantry serving with the Column, and taking with it the Dumoh Treasure, amounting to upwards of a Lakh of Rupees, and the arms and ammunition of the disarmed men, should retire to defend Jubbulpore.

The Column left Dumoh on the 21st Instant, and after having been delayed in crossing the Nowtah River for three days, reached Singraampoor on the evening of the 26th September, where intelligence was received that the Mutineers 52nd Regiment, numbering about 500 Rank and File, had taken up a position at Kuncer on the West of the Heran River, about 12 miles below Kuttunghee.

As there was a probability, that the Mutineers might seize and destroy the boats on the Heran at Kuttunghee on the road to Jubbulpore, I despatched at 2 A. M. on the 27th Instant, a party under Lieutenant Watson, strength as per margin, to secure the boats above referred to. This party was accompanied by Major Jenkins, Assistant Quarter Master General. At 5 A. M. on the 27th, just as the Column was preparing to march, two troopers galloped into Camp, with the intelligence that the advanced party had been surprised by the 52nd Mutineers, that the two Officers had been killed and the party retreating on our Camp. I forthwith gave the order to march and pushed on through a hilly country with a party, and took possession of village of Gobra, about 3 miles in advance of Singraampoor, and which commands the mouth of the river, and to the North of which the ground is open, suited there a short time for the Guns and main body to join here. Shortly after the Guns came up, the 52nd Bengal Native Infantry were seen marching in the road in Column of sections: 2 Guns were sent to them, on which they left the road and advanced against us in the jungle, on both sides, accompanied by the matchlock-men. As the position of the Guns at first took up, was too much exposed to fire from the jungle, and the Enemy were evidently endeavoring to steal round our flanks, I retired about 200 yds close to the village, and took up a more favorable position, where the ground was a little more open. I kept the Guns on the road, occupied the

1 Company, 33rd Madras Native Infantry.

village and the jungle, right and left with my Infantry, and posted the Cavalry in rear of the left, where the ground was open. After a brisk fire, which lasted for about half an hour, the Enemy were driven back. The baggage having now closed up, I placed the Treasure, guarded by the 33rd in rear of the Guns, threw out a strong body of skirmishers from the 33rd on the right, a little in front of the leading Gun, and another line of skirmishers from the 28th and 33rd on the left, leaving one Company of the 28th with the Park and the Rifles to protect the Baggage and Rear. In this order, we advanced slowly through three or four miles of very jungly country, driving the Enemy before us, and halting occasionally to give them a few rounds from our Guns.

On reaching the open country near Kuttunghee, I pushed on the Cavalry to feel for the Enemy, who were discovered making off up the hills with their baggage in rear of the town. From the nature of the ground the Cavalry could not follow them, and before the Infantry arrived, the greater number had effected their escape. The Rifles and parties from the 28th and 33rd, however, succeeded in killing some, and taking a few prisoners on the hill, and also in the town, who were afterwards hanged.

On our approaching Kuttunghee, we were agreeably surprised by Major Jenkins and Lieutenant Watson, riding up to the Column; they had succeeded in cutting their way through the ambuscade in the dark, and had concealed themselves on the hills until the advance of the Column enabled them to rejoin us. Lieutenant Watson, I regret, was wounded on the cheek by a musket ball, and knocked off his horse; his escape was most miraculous. Major Jenkins' Charger had two bullets through him, and is not likely to survive.

At the entrance to the town, was found lying on the public road, the body of Captain Macgregor, of the 52nd Regiment Bengal Native Infantry, with his throat cut, a shot in his breast, and a bayonet wound in his body, whom the Mutineers having made prisoner on the occasion of their mutiny, had murdered at 3 A. M. before they proceeded to attack us.

My movements during the above operations were much hampered by having to keep an eye on the 120 disarmed men of the 52nd Bengal Native Infantry, who accompanied the Column, and by the treasure, large amount of baggage, and people returning with us from Dumoh.

The whole Force behaved well and proved, incontestably, that the Madras Sepoy has no sympathy with the Bengal Mutineers.

The Cavalry were very forward in pursuit of the Enemy, and followed them up the side of the hill, capturing some of their baggage.

The Rifle Company of the 1st Irregular Infantry, were very active in ascending the hill, and captured a Color Havildar of the 52nd Bengal Native Infantry, who was one of the chief ring-leaders of the mutiny. I enclose Lieutenant Pereira's Report on this subject, and beg to inform you, that the Commissioner has promoted the Havildar therein mentioned to Jemadar, and that I have promoted the two Sepoys to Havildars.

I feel much indebted to all the European Officers and the conduct of the European Gunners was most exemplary.

I beg to add, that I received every assistance from Captain Ludlow, Field Engineer, and from Capt. Harrison, Officiating Sub-Assistant, Commissary General, who acted as my Staff, and from Capt. Pinkney, 34th Regiment Madras Native Infantry, Deputy Commissioner, who was constantly

me, and whose knowledge of the localities enabled him to be of great service.

I enclose a Medical Return of Casualties.

SIR,
It is with deep regret, I have to report the death of Major Jenkins, who was killed this afternoon in a skirmish with the Boondelas near the village of Enotah about 4 miles from Kuttunghee.

About $\frac{1}{2}$ past 12 p. m., information was received, that a party of Boondelas were looting a village about Rukreeta, 2 miles from Camp; Major Jenkins ordered a party consisting of $\frac{1}{2}$ a Troop of Cavalry under Lieutenant Burnett, 4th Light Cavalry, and 50 Rank and File of the 33rd Regiment Madras Native Infantry under Lieutenant Oakes, 52nd Native Infantry, to march immediately against them. The Cavalry proceeded in advance, accompanied by Major Jenkins, and Captain Pinkney, Sessions Judge, and on their arrival at Rukreeta, found that the Enemy had evacuated it, and retreated to "Enotah," to which place Major Jenkins followed them and placed videttes to prevent their further retreat. On arrival of the Infantry, Major Jenkins directed me to advance in skirmishing order, through a jowarree field at the back of the village. The Rebels on seeing us approach, succeeded, owing to the jungly nature of the ground, in making their escape to a hill in the vicinity. We followed them, and on reaching the summit, Major Jenkins fell mortally wounded by a matchlock ball. After driving the Enemy off the hill, I returned to the village and burnt it.

I am happy to say, that there were no other Casualties on our side.

On the part of the Rebels, we counted twelve killed, and brought in nine prisoners.

I shall remain encamped at Kuttunghee, waiting your further orders.

SIR,

I HAVE the honor to state, for the information of the Officer Commanding Nagpore Moveable Column, that Captain Tottenham having been ordered to take the 5th Troop 4th Madras Light Cavalry, on special service to Ghosulpore, marched on the morning of the 7th instant. On getting news at Pownalghur (the first stage) that Ghosulpore was being looted we galloped on, but arrived too late, as the looters had all left and gone away to the right of the road, in which direction we followed, and after some time caught sight of nearly 1000 people running towards a village called Ramkaria (they were about one mile or so from the village, we were more than three). We went after them, but owing to the bad nature of the ground, they reached the village

before we got up to them. We followed them into the village, but no body was to be seen; at last a man pointed out the Rajah's house as one likely to conceal men. We burst open the door and searched the house thoroughly, but could find nobody; at last Captain Tottenham, who was on foot, walked up to another door of the house to break it open, when 4 or 5 shots were fired through the door, and from the balcony above, at Captain Tottenham, who ran to his horse, mounted, and called to me to take the troop out of the village, which I did, afterwards. We had to go back to fetch Captain Tottenham who had fainted on account of a wound, which I then for the first time learnt, he had received in the middle of the village. I then posted the troop in small parties to watch the village all round, which they did, till sunset, when I withdrew them as there were too few men with me to surround so large a village so as to prevent anybody getting away in the dark. I am unable to say, whether there were many people concealed in the village Ramkaria, or whether they ran through it to the jungles on the other side; we killed 7 or 8 men, and took 18 prisoners, one of whom died of wounds, the rest were hung.

SIR,

I HAVE the honor to report, for the information of the Officer Commanding the Column, that finding it impossible to push on the Dawk further than Kylwanah, where we arrived on the evening of the 4th, (it being reported, that the Rebels were in Force on the road in the neighbourhood of Jokai, and that the 52nd Mutineers were also in our immediate vicinity), I deemed it prudent to retire on the evening of the 5th to Moorwanah.

On the morning of the 6th, the Detachment has just resumed its march, and had only advanced about 400 yards, when we were surprised by a heavy fire upon us from two Guns, Ginjals and Matchlocks; as soon as the Guns could be got into position, we returned the fire with both our pieces, but unfortunately the axle tree of one of our Guns broke down at the 2nd round. Some delay ensued of course in effecting the repairs, which were accomplished in the most admirable and cool manner by Lieutenant Lane and his Artillery-men under fire.

Seeing the Enemy making attempts to surround us, I ordered the Squadron of Cavalry to attack the Enemy by a flank movement from my left, and the Infantry to accomplish a similar movement along the road to the right. This was done to my most perfect satisfaction. The Cavalry previously on the right rear of the Guns, passed in rear of them, crossed the road, and after getting through two mos

difficult ravines, at a given signal from Lieutenant Lane of two Guns in rapid succession, charged and captured one of the Enemy's Guns which was turned on them as soon as they perceived the flank movement. Moving onwards, they sabred about 30 of the Rebels, 3 of which fell under Lieutenant Clerk's sword. The 33rd Native Infantry entering the village, bayoneted several, and came on the second Gun which had been disabled and withdrawn before the Cavalry charge.

In this engagement, we lost one Gun Lascar killed, 1 Naique and 2 Privates 4th L. C., severely wounded, and 1 Private 33rd Native Infantry, and one Grass-cutter 4th L. C., also severely wounded, Lieutenant Clerk received a slight graze from a sword.

The Enemy are reported to have numbered from 1500 to 2000 Men, with a fair proportion of match-lock-men, sixty (60) of them were counted dead upon the field, and it is impossible to calculate the number of the wounded.

I cannot extol too highly the cool and gallant manner in which Lieutenant Lane and the Artillery under him worked their one Gun, and repaired the other, under a heavy fire of both grape and round shot. The Squadron of the 4th with Lieutenant Clerk, also did their work most gallantly; and Lieutenant New with the Infantry entered the village in the most spirited manner, and along with some of the Gunners cleared the village most effectually.

My thanks are also due to Lieutenant Dick, 52nd Bengal Native Infantry, attached to the Infantry, and to Assistant Surgeon Adam, for his great attention to the wounded men.

I beg to enclose a Return of Casualties. The Guns captured are Brass Guns of small calibre.

THE BRIGADE MAJOR KEMPTEE MOVEABLE
COLUMN, JUBBULPORE.

Dated Camp Patun, 27th December 1857.

SIR,

In continuation of my report of yesterday's date, I have the honor to state, for the information of the Brigadier Commanding, that I marched out this morning at 6 A. M., to attack the Rebels on the Konee Pass, and did not return till near 4 P. M. this afternoon.

2. There appeared to be about 1,000 of the Rebels on the brow and sides of the hill, with an advanced picquet about a third of the way up the ascent, where they had made a stone breast-work, behind which was a small Gun.

3. After crossing the river I extended the Grenadier and Light Companies of the 33rd Regiment Native Infantry, which covered the advance of the Guns; the latter were unlimbered in a convenient position, and a few rounds of shrapnel and grape from the Guns, soon cleared the way for the advance of the skirmishers who advanced up the hill without any check.

4. The Artillery under Lieutenant Lane did excellent service in turning the Enemy out of the side, and from the brow of the hill, but were unable to ascend it, owing to the number of loose boulders and slabs of stone on the ghat. I therefore left them at the bottom with one Company of Infantry for their protection.

5. As soon as the skirmishers had reached the top of the ghat which was covered with very thick jungle, I directed Captain Macintire to ascend with part of the Cavalry and pursue the Enemy as far as possible, which service was performed in the most satisfactory manner, the sowars ascending a Pass over ground at a pace, which I should have deemed utterly impossible for any Cavalry to have accomplished. They cut down and captured six Rebels to my knowledge.

6. The whole party then was formed up and advanced without opposition about 3 miles over a very rocky and difficult country, covered for the most part with thick jungle; as there was no water near, and as everything including the Guns was below the ghat, I deemed it better then to return to our old camping ground, the Pass being held for us during the night by a friendly Thaukoor.

7. The skirmishers were commanded by Lieutenants Dun and Watson, supported by Lieutenant Pearson with the E Company, and advanced up the hill (especially the Light Company) in very gallant style as the jungle was thick, and the Rebels in large numbers.

8. To Captain Baldwin, the Deputy Commissioner, my best thanks are due for the very gallant style in which he led his Burkundaze up the hill, as well as for the general assistance he rendered.

9. About seven of the Rebels we know to have been killed, and it is probable that many more were knocked over by the Artillery, and carried off before we got up.

10. To-morrow I propose to make another dour after the Rebels.

I have the honor to be,

SIR,

Your most obdt. Servant,

that on the morning of the 12th instant, I arrived with the Column as per margin, at Chinhut, where a Garrison Column had been stationed under Command of Colonel Purnell, during my absence

to the South of Lucknow. At this place I ascertained that a large force of Rebels, amounting to some 16,000, with a good many guns, had taken up a position along in a nullah in the neighbourhood of Nowabgunge 12 miles from Chinhut.

I determined to start at night, though there was no moon, and to get close to this nullah before daybreak. I accordingly directed all baggage and supplies to be left at Chinhut, under charge of Colonel Purnell, and formed up my Column along the Fyzabad road, at 11 o'clock P. M. The nullah ran across this Road about 4 miles from Nowabganje, over which there was an old stone-bridge, but knowing that there was a large jungle about 3 miles to the North of the Town, I determined to cross at a ford, or rather causeway, which lay about 2 miles above the bridge, that I might get between the Enemy and this jungle. We got off soon after 11 o'clock, and the whole march was performed with the greatest regularity, though a great part of the way was across country.

The Advanced Guard arrived within about a quarter of a mile of the nullah, which ran along the front of the Enemy's position, about 1/2 an hour before daybreak on the morning of the 13th.

The Column was halted, and the men had some refreshment.

As soon as it was light, the Force advanced towards the ford, which was defended by a body of the Enemy, strongly posted in tops of trees and ravines, supported by 3 Guns.

Three Horse Artillery Guns of Captain Mackinnon's Troop, and Captain Johnson's Battery were immediately got into position to cover the passage of the Advanced Guard. The Enemy's guns were soon silenced, and one of them turned over, and the advance, consisting of two Horse Artillery Guns, under Lieutenant McLeod, two Squadrons of Cavalry, under Captain Stisted, 7th Hussars, and Lieutenant Prendergast, Wale's Horse, and 200 Infantry under Major Oxenden, immediately crossed and took up a position on the other side.

Our two guns opened fire, and the Rifles advancing in gallant style, in skirmishing order, under a heavy fire, soon drove the enemy from his first position.

The remaining Guns of the Horse Artillery, Captain Johnson's Battery, and a portion of the Cavalry, immediately followed, and I at once advanced, at a trot, against what appeared to be the centre of the Enemy's position. As soon as the dust cleared off, the Enemy were to be seen all round, and their Guns opened in my front, and on both flanks.

The Troop of Horse Artillery immediately got into action to the front, and Captain Johnson's Battery supported by two Squadrons, 2nd Dragoon Guards, under Major Seymour, I sent to engage the Enemy on my left, where they were in very considerable force.

About this time a large body of the Enemy, Cavalry and Infantry, and 2 Guns, moved round to my right rear, in the direction of the ford, expecting, no doubt, to find my baggage crossing; but Hodson's Horse under Major Daly, C. B., a Squadron of the Police Horse under Lieutenant Hill, and the 3rd Battalion of the Rifle Brigade under Lieutenant-Colonel Glyn, had just crossed and were ready to receive them. This body of Cavalry and two Companies of the Rifles, under the Command of Captain Atherly, formed line to the right and advanced against them. Major Carleton's Battery which was following, had some difficulty in crossing the ford, but as soon as he got 2 Guns across, he brought them up to the support of Major Daly.

Here the Enemy offered considerable opposition. The Rifles charged them twice with the sword, cutting up many.

Major Daly detached 100 Cavalry, under Lieutenant Meecham, and Lieutenant the Hon'ble J. Fraser, to act upon their left, while he with the remainder of his Cavalry, charged them in front. Lieutenant Meecham led his men on gallantly over broken ground, and was severely wounded.

The remainder of Major Carleton's Battery was brought up by Lieutenant Percival, into a good position on the right, and in time to open with considerable effect on the Enemy as they retired.

Meanwhile Captain Mackinnon's Troop Horse Artillery, supported by the 7th Hussars, under the Command of Major Sir W. Russell, was hotly engaged to the front and left; as also Captain Johnson's Battery, which was on my extreme left. The Enemy in my front having been driven back, Mackinnon's Troop changed front to the left, and the Troop, and Battery, advanced, supported by the Cavalry, and the remainder of the 3rd Battalion Rifle Brigade which had come up under the Command of Lieutenant-Colonel Glyn. The Enemy here also were driven from their position after a sharp cannonade.

The action on my proper right having commenced again with great vigor, I proceeded in that direction, leaving Colonel Hagart, to superintend the Troops on the left. On arriving at this point, I found a large number of Gazzies, with 2 Guns, had come out on the open plain, and attacked Hodson's Horse with 2 Guns of Major Carleton's Battery, which covered my rear. I immediately ordered up the other 4 Guns under the Command of Lieutenant Percival, and two Squadrons of the 7th Hussars, under Command of Major Sir W. Russell, and opened grape upon this force within 3 or 400 yards with terrible effect. But the Rebels made the most determined resistance, and two men in the midst of a shower of grape brought forward two green Standards, which they planted in the ground beside their Guns, and rallied their men. Captain Atherly's two Companies, of the 3rd Battalion Rifle Brigade at this moment, advanced to the attack which obliged the Rebels to move off. The Cavalry then got between them and the guns, and the 7th Hussars, led gallantly by Major Sir W. Russell, supported by Hodson's Horse, under Major Daly, C. B., swept through them twice, killing every man. I must here mention the gallant conduct of two Officers of the 7th Hussars, Captain Bushe and Captain Fraser. The latter I myself saw surrounded by the Enemy, and fighting his way gallantly through them all, he was severely wounded in the hand.

About this time Brigadier Horsford, advanced with the 5th Punjaub Infantry, under Major Vaughan, being joined by the two Companies of the Rifles, under Captain Atherly, and two of Major Carleton's Guns, under Lieutenant Percival and proceeded against a body of the Enemy, which had taken up a position on their extreme proper left, in a large tope of trees, having 2 Guns in position. Brigadier Horsford, advanced steadily in skirmishing order, under a sharp cannonade from the Enemy's Guns, which were well served and supported by large bodies of Infantry.

The Enemy was soon pressed, they retired their Guns some distance, and then re-opened them, but in a few minutes they were carried in gallant style, without the aid of any Cavalry. This closed the action on my left, front and right.

The Enemy having at the commencement of the action, detached a large force which seriously threatened our rear, Brigadier Horsford sent the 2nd Battalion Rifle Brigade to hold them in check. This duty was ably performed by Lieutenant-Colonel

Hill. The advance of the Enemy was not only checked, but they were forced to retire with considerable loss.

I trust through the mercy of God, this severe blow to the Rebels, will be the means of quieting all this part of the country.

I beg that the under-mentioned Officers' names may be laid before His Excellency the Commander-in-Chief.

Brigadier Horsford, I am much indebted to for the very excellent way in which he led on the Infantry, and for the support he gives me upon all occasions.

To Colonel Hagart, I am also much indebted. He has been most active, zealous, and attentive to all the duties entrusted to him.

Lieutenant-Colonel Hill, who with his Battalion, so gallantly and successfully protected our rear, a most important service.

Lieutenant-Colonel Glyn, a most excellent Officer, and whose Battalion, the 3rd, behaved so well, being actively employed during the whole day.

Major Carleton, Commanding the Artillery, to whose activity and zeal in getting his Guns into action, I am much indebted.

Major Sir W. Russell, whose gallantry in leading the charge of the 7th Hussars, is deserving of my highest praise.

Major Vaughan, Commanding 5th Punjab Rifles, who Commanded his Regiment to my entire satisfaction, who, supported by two Companies of the Rifles, captured two Guns, and whose name I inadvertently left out in my despatch from Barree on the 24th April last, when he was well deserving of mention.

Major Daly, to whom I am greatly indebted for his excellent conduct in the field, and for the good information he brought me.

Captain Mackinnon, Commanding Troop Bengal Horse Artillery, and Captain Johnson, Commanding Battery Royal Artillery, I am also indebted for their excellent services.

Captains Bushe and Fraser of the 7th Hussars, who commanded the two Squadrons in the charge above mentioned, and whose gallantry in leading their men, was most conspicuous.

Major Seymour, commanding two Squadrons 2nd Dragon Guards, and Captains Ayteoun and Stisted 7th Hussars, all detached with Guns, performed their duty much to my satisfaction.

Lieutenant Prendergast, Commanding Detachment Wale's Horse, also detached with Guns on this, as on all former occasions, proved himself an excellent and intelligent Officer.

I beg to bring to His Excellency's notice, the efficient manner in which Captain the Hon'ble J. Fienyes, 7th Hussars, has conducted the duties of Major of Brigade of Cavalry in the Field. On this occasion, he was most active and zealous, as also Cornet the Hon'ble W. Harbord, 7th Hussars, who was Colonel Hagart's Orderly Officer for the day.

Brigadier Horsford, speaks in the highest terms of his Staff, viz. :-

Major Mallon, 75th Regiment, Major of Brigade, who had his horse killed under him, and Lieutenant Ramsbottom, Rifle Brigade, his Orderly Officer.

Lieutenant and Adjutant Baker, Hodson's Horse, is particularly mentioned by Major Daly, for his gallantry. Lieutenant Hill, Commanding Detachment of Mounted Police,

Lieutenant Meecham, Hodson's Horse, who was severely wounded in leading his Squadron to the charge.

I beg also to mention the services of Lieutenant Percival, Bengal Artillery, 2nd in Command of Major Carleton's Battery.

Also Lieutenant Smart, Adjutant Royal Artillery, and Lieutenant Strange, Quarter Master, Royal Artillery, and Lieutenant Wynn, Commanding Detachment of Engineers.

I beg also to bring to His Excellency's notice my personal and Divisional Staff, viz. :-

Captain the Hon'ble A. Anson, 84th Regiment, Aide-de-Camp, who had his horse wounded.

Major Hamilton, 9th Lancers, Deputy Assistant Adjutant General, Major Wolseley, Deputy Assistant Quarter-Master General, from whom I have received great assistance on all occasions.

Dr. Fraser, Senior Surgeon, who deserves my approbation for his zeal and attention to the sick. Dr. Lynch, 7th Hussars, Division Surgeon, and Lieutenant Graham, Deputy Assistant Commissary General, a most active and intelligent Officer, and whose name I inadvertently omitted to mention in my despatch from Barree, on the 24th April last.

I have to bring to notice the conduct of Private Same Shaw of the 3rd Battalion Rifle Brigade, who is recommended by his Commanding Officer for the Victoria Cross.

An armed rebel had been seen to enter a grove of trees, some Officers and men ran into the grove in pursuit of him. This man was a Ghazee. Private Shaw drew his short sword and with that weapon rushed single-handed on the "Ghazee." Shaw received a severe tular wound, but after a desperate struggle, he killed the man.

I trust His Excellency will allow me to recommend this man for the Victoria Cross, and that he will approve of my having issued a Division Order stating that I have done so.

I would now report the good and gallant conduct of Ressaldar Man Sing, and Jemadar Hussain Ali, both of Hodson's Horse: the former came to the assistance of Lieutenant Baker, and was severely wounded, the latter dismounted and sword in hand, cut up some gunners who remained with their Guns.

The Return of Guns captured (nine.) I enclose.

From all the information which I can obtain, the Enemy must have left between five and six hundred dead bodies on the Field, and their wounded must have been very numerous.

My Casualty Return has already been forwarded.

In conclusion, I beg to point out, that the Troops were under arms from 10 P. M. on the 12th until 9 A. M. on the 13th, during a most oppressive night they made a march of ten miles, and in the morning fought an action of three hours' duration. All Officers and Soldiers did their utmost, and their exertions deserve high praise.

I have the honor to be,

SIR,

Your most obedient Servant,

J. HOPK GRANT, Major General,
Commanding Lucknow Field Force.

No. 336.

*TENDERS for the transportation of Salt, from the Central and Southern Agencies of Orissa, to the Government Golahs at Sulkea, will be received at this Office, until 2 P. M. of the 31st July next, after which date no such Tenders will be received.

2. The Tenders must be drawn up according to a form which may be obtained on application at this Office; and no communications otherwise submitted, will be attended to.

3. The contracts to be entered into, will be for one year only, namely, for the ensuing season 1858-59.

4. Parties tendering must satisfy the Board of Revenue and the Commissioner of Cuttack, that they possess the means of conveying the full quantity of Salt tendered for, and with this object a list of the vessels intended to be employed, must accompany each Tender.

5. The probable quantity of Salt to be removed may be known on application at this Office, the proportion for which freight is required being one-third of the entire amount, less one Lac of maunds, of the exportable Salt of the Cuttack and Pooree Agencies. The Tenderer may apply for the whole quantity for which freight is required, or for any part not less than a quarter.

6. Contractors must engage to ship the Salt allotted to them during the period between the last spring tides of October and the end of February.

7. Parties whose tenders are accepted will be required to make a deposit of Company's Paper, or to furnish other unexceptionable security for the performance of their contracts.

8. The Board reserve to themselves the right of rejecting any tender without assigning any reason.

In cases of no leave being granted in any month, the Civil Auditor suggests (to prevent enquiry or reference), that a blank form accompany the Abstract of Establishment requiring Audit.

FINANCIAL DEPARTMENT.

SIR,

I AM directed to acknowledge the receipt of your Letter, No. 2173, dated the 21st Ultimo, on the subject of Notices of Leave of Absence granted to Uncovenanted Servants sent to your Office.

2. It appears that your Office makes deductions on account of Leave of Absence only from the Salaries of those Uncovenanted Servants who receive their appointments direct from Government; but that in all cases in which Clerks and other Ministerial Officers are allowed Leave of Absence, the Head of the Department or Office in which they are employed is left to make the deductions, your Office simply passing the Salary Abstract of such Establishment, without taking cognizance of the deductions made therein by the Head of the Department or Office, provided the Rule laid down in the Financial Resolution of the 18th December 1843 is not infringed.

3. In reply, I am desired to inform you, that the Right Hon'ble the Governor General in Council is of opinion that the practice of your Office is incorrect. The Rules of the 22nd February 1856, he observes, are applicable to "All Officers in the Uncovenanted Service of the Government who may be in the receipt of Salaries of Rupees 100 a month and upwards," and it seems to His Lordship in Council that your Office ought invariably to make the deductions provided for in the Rules, in every case in which Leave is granted to such Officers under the rules, whether it be granted by Government, or by Officers to whom power to act upon the Rules may have been delegated by Government.

4. In respect to Officers drawing Salaries of less than Rupees 100 a month, it has been ruled, in the Financial Resolution of the 6th February 1857, that the Heads of Offices should, in granting Leave, be guided by the spirit of the Rules prescribed for those servants who are in the receipt of Salaries of Rupees 100 a month and upwards, and that all cases in which Leave is so granted to Uncovenanted Servants whose Salaries are less than Rupees 100 per month, shall be reported to the Civil Auditor and the Military Auditor General, respectively, in the manner prescribed in the Orders of the 25th July last; viz., that the Auditors should be furnished, on the 1st May in each year, with "An Annual Return showing the Leave of Absence granted during the year (preceding), under the new Uncovenanted Civil Service Absentee Rules to those Uncovenanted Servants whose Leave might not have been notified in the Gazette."

MONTHLY STATEMENT of Leave of Absence granted to Uncovenanted Servants drawing more than Rupees 10 per Mensem, for the Month of 185

Name of Absentee.	Office held by Absentee.	Monthly Salary of Absentee.	Section of Rules under which Leave is granted, or nature of Leave.	Period of Leave.	Amount of deduction from Salary.	Amount of contribution (if any).	Amount payable to Substitute.	Net Amount to be retrenched from Pay Abstract for the above Month.	REMARKS.
A. B.	Head Assistant	600	Section V. Chap. II.	Nine Months, from 1st Jan. to 30th Sept 1859	30	0	300	0	0
C. D.	"	200	Section VII. Chap. III.	Fifteen Days, from 1st to 15th March 1859	0	0	0	0	0
G. H.	"	60	Private affairs	Five Months, from 1st Jan. to 31st May 1859	30	0	30	0	0
O. P.	"	20	Ditto	Ditto	20	0	20	0	No Substitute procurable on less than whole pay.
Y. Z.	Wanashree	40	Sick Leave	One Month, viz., March 1859	20	0	0	20	0
Total									20 0 0

5. But this arrangement seems to His Lordship in Council to be insufficient. It does not provide, as it ought to do, for deductions from Salary by the Offices of Audit, and His Lordship in Council therefore directs, that in future all cases in which Leave not notified in the *Government Gazette* is granted to Uncovenanted Servants in excess of the few days provided for in the Financial Resolution, No. 2520, dated the 12th June 1857, shall be reported monthly (instead of annually) to the Civil Auditor or the Military Auditor General, as the case may be, in the Form entered in the margin; the Offices of Audit being left to check the amounts entered in the Form at the time the Establishment Bills are sent in to be passed, on the understanding that deductions are invariably to be made, in accordance with the Rules, from the pay of all Absentees whose names are entered in the Form (whether they may be in the receipt of Rupees 100 a month or less), except when special directions are issued by the Heads of Offices to make *larger* deductions, which may be necessary in cases of Officers drawing less than Rupees 100, whose duties cannot otherwise be provided for without extra expense to Government.

I have the honor to be,

SIR,

Your most obedient Servant,

WAR OFFICE.

13th April 1858.

Gen. No.
55

THE attention of the Secretary of State for War having been drawn to the inconvenience, as a question of account, of the present arrangement, by which, in Regiments which have a trained Army Schoolmaster, whose present rate of pay is inclusive of emoluments formerly derived from school fees, the school fees paid by adults, children, and infants are credited to the Public: whereas in many of those which have no trained master, the two former continue to be received by the Serjeant or Acting Schoolmaster, in addition to his allowance of 6*d.* a day; Secretary Major General Peel has, with the concurrence of the Lords Commissioners of Her Majesty's Treasury, decided that for the future all school fees whatsoever, payable under the Queen's Regulations, p. 192, and the Army School Regulations, Secs. 18 and 46, shall be credited to the Public by Quarterly Returns, as required in Section 21, School Regulations.

To compensate Serjeant or Acting Schoolmasters for the loss of emoluments thus occasioned, the Lords Commissioners of Her Majesty's Treasury are pleased to allow that, where the number of adults attending School does not exceed 50, the Schoolmaster's allowance may be increased from 6*d.* to 1*s.* a day.

Where it is over 50, but does not exceed 100, the allowance will be increased from 6*d.* to 1*s.* 3*d.* a day; where it is over 100, it will now be increased from 6*d.* to 1*s.* 6*d.* a day.

The Serjeant Acting Schoolmaster will forward to the Paymaster monthly a voucher, in the form

of a nominal list of all the Non-Commissioned officers, men, and drummers or trumpeters, who have attended School in the month, and the dates of their attendance, certified by his signature.

The Schoolmistress will continue to render a similar account of the infant children, whose fees will in like manner be collected by the Schoolmaster, and credited to the Public under Art. 47 of the Army School Regulations.

SIR,

I AM desired by the Commander-in-Chief to forward for submission to the Right Hon'ble the Governor General, the enclosed copy of a Despatch, dated 30th April last, (which has only now reached Head Quarters) from Major-General Sir H. Rose, K. C. B., Commanding Central India Field Force, reporting the details of an action fought on the 1st Idem, with the Rebel Army under Tantia Topee on the River Betwa near Jhansie.

2. The operations of the Troops engaged upon this occasion, appear to His Excellency to have been conducted with the highest skill and vigor; and the behaviour of all concerned, merits his unqualified satisfaction.

3. Sir Colin Campbell cannot, however, refrain from drawing His Lordship's attention to the gallant and successful charge made by a Troop Her Majesty's 14th Light Dragoons, under Captain Need; and, indeed, to the services of all those especially named by the Major-General and Brigadier Stuart.

I have the honor to be,

MAJOR-GENL. SIR HUGH ROSE, K. C. B.,

TO

THE CHIEF OF THE STAFF.

Dated Camp Pooch, 30th April 1858.

SIR,

I HAVE the honor to report to you, for the information of His Excellency the Commander-in-Chief, that on the 1st of April, the Force under my orders, fought a general action with the so called army of the Peishwa, which attempted to relieve Jhansie while I was besieging it, and gained a complete victory over it, pursuing him two miles beyond the river Betwa, taking 18 Guns, of which one was an 18-Pounder, one an 8-Inch Mortar, two 12-Pounders, and two English 9-Pounders, and killing upwards of 1,500 Rebels.

For some time past, Sir Robert Hamilton had given me information, that Tantia Topee, a relative and the Agent of Nanna Sahib, had been collecting and organizing a large body of Troops in the neighbourhood of Mhow and Nowgong in Bundelkand, which was called "the army of the Peishwa," and displayed the standard of that abolished authority.

After the fall of Chirkaree, this army was re-inforced by the numerous Rebel Troops, sepoys from Calpee, and Bundeelas, who had besieged and taken it. Towards the end of last month, I received constantly reports that this Force, estima-

ted at 20 or 25,000 Men with 20 or 30 Guns, was advancing against me. On the 30th Ultimo, Sir Robert Hamilton informed me, that its main body had arrived at Burra Saugor, about three miles from the Betwa, would cross that river during the night, and attack me next morning.

In the hope of forcing the Enemy to engage with the river in his rear, I left the park and heavy baggage of the 2nd Brigade, with which I was, with the 1st Brigade, and marched at 9 p. m. on the 30th Ultimo, from Jhansie to the village of Bupoba, six miles from Jhansie, which commands the two fords at Rajpore and Kolwar, by which the Enemy coming from Burra Saugor, must cross the Betwa.

At Bupoba I received reports from the two outposts which I had sent to watch the fords, that they had seen and heard nothing of the Enemy. The next morning they made a similar report.

I came to the conclusion, that the Enemy would not cross the river whilst I was so close to it, and that nothing would be more likely to encourage them to do so than a retrograde movement on my part, which they would construe into a retreat.

I returned, therefore, to Camp, leaving the outposts to watch the fords. I was not mistaken : that same day the Enemy crossed the upper ford, the Rajpore, in great numbers, preceded by an advanced Guard of Vilaities, and took up, after sunset, a position in order of battle, opposite the rear of the Camp of the 2nd Brigade.

At sunset, the Enemy lit an immense bonfire on a rising ground on this side of the Betwa, as a signal to Jhansie of their arrival : it was answered by salvos from all the batteries of the Fort and City, and shouts of joy from their defenders.

It was evident that the Enemy sought a battle with my force : this self-confidence was explained afterwards by prisoners, who stated that Tantia Topce had been informed by his spies, that nearly all my force was scattered and engaged in the siege and investment, and that he could easily destroy the few who guarded the Camp.

The fact is that Jhansie had proved so strong, and the ground to be watched by Cavalry was so extensive, that my force had actually enough on its hands. But I relied on the spirit of British Soldiers, which rises with difficulties, and resolved, whilst I fought a general action with the Enemy, not to relax either the siege or the investment.

The details in the margin show how weak I was when compared with the Enemy. My first Brigade had only a little more than 200 European Infantry, my second Brigade about the same. On the first news of the approach of the Enemy, I had sent Major Orr with a party of his Cavalry along the road to the Betwa to watch their movements.

I drew up my force across the road from the Betwa, half a mile from my Camp. On the right flank of my first line, the 2nd Brigade, I placed Lieutenant Clark's Hyderabad Horse, a Troop 14th Light Dragoons, and 4 Guns Horse Artillery in the centre, Detachments of the 24th Regiment Bombay Native Infantry and 3rd Europeans, 3 heavy Guns and Detachments Hyderabad Infantry

on the left flank, Captain Lightfoot's Battery and two Troops 14th Light Dragoons.

The 2nd line was in contiguous columns at quarter distance ; a weak Troop 14th Light Dragoons on the right, and Hyderabad Cavalry on the left flank ; in the centre Her Majesty's 86th Regiment, Captain Woolcombe's Battery of 6, and Captain Ommaney's Battery of 9-Pounders, and Detachments 25th Regiment Bombay Native Infantry.

I threw out strong picquets and lines of videttes of the 14th Light Dragoons and Hyderabad Cavalry, well to my front and flanks. The Vilaitie outposts called out during the night, that they were very numerous, that we were very few, that in the morning they would finish us, &c.

In consequence of the lateness of the Enemy's advance, and the distance of my first Brigade, my force was not in position till long after dark. The silent regularity with which it was effected, did credit to their discipline. Both ourselves and the Enemy slept on our arms, opposite each other.

A little after midnight, one of the Hyderabad Cavalry, left at the lower, the Kolwar ford, came in as hard as he could, and reported that the Enemy were crossing in great numbers. I thought it probable, that they would make this move, of which the object was to turn my left flank, and force their way along the Burra Gong road, through Major Scudamore's flying Camp into Jhansie. I had therefore ordered the outpost at the Kolwar ford, to watch it with the utmost vigilance.

I detached Brigadier Stuart at once with the first Brigade along the Burra Gong road, to the village of the same name, about 8 miles from Jhansie, close to the river Betwa, from whence he could oppose and outflank the Enemy, who had crossed by the ford above Burra Gong.

The accompanying copy of a Report from Brigadier Stuart, shows how well he executed my instructions, and how much he contributed to the success of the day. I beg to record my acknowledgements of the good service he did, and to second warmly his recommendation of the Officers and Men of his gallant Brigade.

The departure of the 1st Brigade left me without a second line ; I was therefore obliged to withdraw the Detachments of the 24th Native Infantry from the 1st, and make a second line of them.

The best way with Indians for making up for numerical inferiority, is a determined attack on their weak point. I had, therefore, intended to commence the attack at daylight, advance in line, pour into the Rebels the fire of all my Guns, and then turn and double up their left flank. But the Enemy, before daybreak, covered by a cloud of skirmishers, advanced against me.

My picquets and videttes retired steadily, closing to each flank, in order that I might open upon them the fire of my Guns, and then turn his left flank from my right. Before my line was uncovered, the Enemy took ground to his right. I conformed, to prevent his outflanking my left, but very cautiously, lest he should draw me away too much to the left, and then fall on my right flank. This was probably his intention ; for a body of Horse was seen towards my right. I halted and fronted ; the Enemy did the same, and instantly opened a very heavy Artillery Huset and

matchlock fire on my line from the whole of his front to which my Batteries answered steadily.

The Enemy had taken up an excellent position, a little in rear of a rising ground, which made it difficult to bring an effective fire on him. I ordered my front line of Infantry to lie down, the Troop of Horse Artillery to take ground diagonally to the right, and enfilade the Enemy's left flank. In this movement, a round shot broke the wheel of a Horse Artillery Gun.

Captain Lightfoot took up an advanced position to his left front, which made the fire of his Battery much more efficacious.

Whilst the Enemy were suffering from the fire of the Troop and Battery, I directed Captain Prettijohn, 14th Light Dragoons, to charge with his Troops, supported by Captain MacMahon, 14th Light Dragoons, the Enemy's right flank, and I charged myself their left with Captain Need's Troop 14th Light Dragoons, supported by a strong Troop of Hyderabad Cavalry.

Both attacks succeeded, throwing the whole of the Enemy's first line into confusion, and forcing them to retire. I beg to do justice to Captain Need's Troop; they charged with steady gallantry the left, composed of the Rebels' best Troops, Vilaities and Sepoys, who throwing themselves back on the right, and resting the flanks of their new line, four or five deep, on two rocky knolls, received the charge with a heavy fire of musketry. We broke through this dense line, which flung itself amongst the rocks, and bringing our right shoulders forward, took the front line in reverse and routed it. I believe I may say, that what Captain Need's Troop did on this occasion, was equal to breaking a square of Infantry, and the result was most successful, because the charge turned the Enemy's position, and decided in a great measure the fate of the day.

I have the honor to recommend to His Excellency's favorable consideration, Captain Need and his devoted Troop, and Lieutenant Leith, who saved Captain Need's life, for which I have ventured to recommend him for the Victoria Cross.

The Enemy's right gave way before the Squadron of the 14th Light Dragoons, under Captain Prettijohn, reached them; he pursued and cut up several of them.

In order to follow up rapidly this success, I ordered a general advance of the whole line, when the retreat of the Rebels became a rout.

I moved forward the whole of the Artillery and Cavalry in pursuit, the Horse Artillery following the road to the Betwa, from which it had enfiladed the Enemy's position, the Field Battery going across country.

We soon came up with 6 Guns, and their ammunition waggons, which we left for the Infantry, and passed on to the main body of the Rebels, broken into knots, and scattered in every direction.

Serious combats occurred between the pursuing Cavalry and the fugitives, who, singly, or standing back to back, always took up, like most Indians, the best position the ground admitted, and fought with the desperation which I have described on other occasions. One body wedged themselves so dexterously into the banks of a nullah, that neither Musketry nor Artillery fire, would destroy them. Lieutenant Armstrong, of the 3rd Bombay European Regiment, coming up with a few skirmishers dashed at them, and

bayonnetted them all, but not without some loss. This Officer is Post-Master of the Force, but his zeal always leads him into action, where he does good service on those occasions which require bold decision.

The pursuit had now penetrated, and cleared away the first line. A cloud of dust about a mile and-a-half to our right, pointed out the line of retreat of another large body, the second line of the Rebels, which, by a singular arrangement of the Rebel General, Tantia Topce, must have been three miles in rear of his first line.

The whole Force again went in immediate pursuit, and came up with the skirmishers in rocky and difficult ground, covering the retreat of the 2nd line: driven in, they closed to their right, and uncovered the main body, which cannonaded the Troops in pursuit with an 18-Pounder and 8 inch Mortar and other Guns. Colonel Turnbull answered with a few rounds, which told. Captain Lightfoot who had come up, thinking that he could bring his Guns to ground, from which he could enfilade the Enemy's left, I directed him to join the Hyderabad Cavalry, and a Troop of the 14th Light Dragoons, whom I had sent to turn their left flank, and take, if possible, their Guns.

The Enemy did not wait for this attack, but retired with precipitation by the high road to the Rajpore ford.

Neither the jungle which was set on fire to stop the pursuit, nor difficult ground, could check the ardour of the pursuing Troops, who saw within their reach the great prize, the Enemy's heavy Artillery. Once, on the road, Guns and Cavalry galloped without a check, till they came within gunshot of the village of Rajpore, where the Enemy made their last and third stand.

The Troop and Battery, advantageously placed on two rising grounds, crossed their fire on the Enemy, who rapidly left this, but kept up a heavy fire of musketry, and with a 12-Pounder from the opposite bank of the river; the 12-Pounder hit by a round shot, retired disabled.

I ordered two Troops of the 14th Light Dragoons, and Hyderabad Cavalry, across the Betwa.

On going down the road to the river, we saw the stream crowded with the Enemy's Artillery, Ordnance Park, and quantities of Stores, the 18-Pounder and the 8-inch Mortar, drawn by two elephants, ammunition waggons, and carts full of ammunition, of the Gwalior Contingent.

The Enemy kept up a heavy fire on us as we crossed the ford, and ascended the steep road leading up the opposite bank. The 14th Light Dragoons and Hyderabad Cavalry, gallantly surmounted all opposition, and sabred the Rebels who still held their ground.

I detached parties in pursuit of the numerous fugitives who took across country; another body followed the road, and captured, a mile and a half from the Betwa, the disabled 12-Pounder, being the 18th and last Gun of the Rebel Army. Two standards were also captured.

The Infantry, who had followed in skirmishing order to prevent the escape of any of the Enemy gave proof of their zeal, by the rapidity with which they marched up to the front.

Horses and Men being completely exhausted by incessant marching and fighting during the last forty-eight hours, and being now nine miles from Jhansi, I marched the troops back to Camp.

I beg leave to bring to the favorable notice of the Commander-in-Chief, the conduct of the Force under my Command, which, without relaxing, in the least, the arduous seige and investment of a very strong fort and fortified city, garrisoned by 10,000 desperate men, fought, with the few numbers left in Camp, a grand action with a relieving Army; beat and pursued them nine miles, killing 1,500 of them, and taking from them all their Artillery, Stores and Ammunition.

The Officers whom circumstances called prominently into action, and who, profiting by the opportunity did valuable service, were,—Brigadier Stuart, Commanding 1st Brigade, and the Officers whom he mentions; Lieutenant-Colonel Turnbull, Bombay Horse Artillery; Captain Lightfoot, Bombay Artillery; Captain Need, 14th Light Dragoons; Lieutenant Leith, 14th Light Dragoons; Lieutenant Armstrong, 3rd Bombay European Regiment; and Lieutenant Prendergast, Madras Sappers and Miners, who, on various occasions, under my eye, has distinguished himself by his merit and gallantry, as devoted as they they were unostentatious.

Serjeant Gardener, 14th Light Dragoons, attacked and killed a Cavalry Soldier, as well as two armed men on foot; his gallant conduct at Dhar had been previously honorably mentioned. The conduct of the men of the 14th Light Dragoons, was so uniformly good, that their Commanding Officer finds it difficult to bring any particular case of good conduct to my notice.

I am much indebted for their zeal and assistance to me during the action; to Major Orr, Commanding Hyderabad Contingent Field Force; Captain Prettjohn, Commanding 14th Light Dragoons; Captain Hare, Commanding Regiment Hyderabad Force; and Lieutenant Haggard, Commissary of Ordnance, in Command of the Siege Train; also to my Staff, Captain MacDonald, Assistant Quarter-Master General; Captain Wood, Assistant Adjutant General; Captain Rose, my Aide-de-Camp; and Lieutenant Lyster, 72nd Bengal Native Infantry, my Interpreter.

FROM

BRIGADIER C. S. STUART,
Comdg. 1st Brigade, •
Central India Field Force,

TO

THE ASST. ADJT. GENERAL,
Central India Field Force.

Dated Camp Jhansie, 6th April 1858.

SIR,

FOR the information of the Major-General Commanding Central India Field Force, I have the honor to report the proceedings of the

Left Wing Her Majesty's 14th Light Dragoons, 40 Rank and File, under Command of Lieutenant Giles.

Two Troops Hyderabad Cavalry; one of 1st Regiment, one of 3rd Regiment, both Commanded by Lieutenant Johnstone, 107 Sabres.

Two Guns, Captain Ommancey's Battery.

1st Brigade Central India Field Force, strength as per margin, on the morning of the 1st April last.

2. In compliance with the instruction conveyed to me by the Major-General,

Captain Woolcombe's Battery. Her Majesty's 86th Regiment, under Command of Lieutenant-Colonel Lowth, 208 Rank and File.

25th Regiment Native Infantry, under Major Robertson.

I marched my Brigade from its position, as support to the 2nd Brigade, about one o'clock A. M. on the 1st instant,

and proceeded by the Calpee Road to another ford of the Betwa River, by which the Rebels were expected to pass; the village of Boregaum, about half a mile from the ford in question, was reached about daybreak, when I heard heavy firing from the direction of the 2nd Brigade; accordingly I halted the Column, and pushed on the Cavalry to the ford, with orders to reconnoitre and return with all despatch; in a very short time I received information that none of the Enemy were to be seen or heard of in the vicinity of the river, so I counter-marched my force, and proceeded to rejoin the 2nd Brigade as quickly as possible. After about an hour's march, some fugitive Rebels were observed on our left front. I sent Detachment, Her Majesty's 14th Light Dragoons, in pursuit, and many of them were cut up. The Brigade was now approaching the village of Koosha-bore, and I found that a large body of the Enemy, upwards of two thousand in number, and consisting of Artillery, Cavalry and Infantry, were prepared to oppose our progress, having placed some Guns in position in and about the village. I immediately threw all my Infantry into skirmishing order, placing my Cavalry on either flank and moving my Guns on the main road until within about 600 yards of the Enemy's position; fire was then opened by the Artillery with most excellent effect; the Enemy were soon shaken, and the moment our Guns ceased firing, the skirmishers of Her Majesty's 86th Regiment, and 25th Regiment Native Infantry, dashed forward, carried the village at the point of the bayonet, capturing all the Enemy's Artillery, consisting of six pieces, together with supply of ammunition, &c. The line then steadily advanced, driving the Enemy over some difficult ground in rear of the village, until a second village was reached, on the outskirts of which the Enemy made another stand. From this the men of Her Majesty's 86th Regiment immediately dislodged them, and they retired in good order, leaving a strong Rear Guard to cover their retreat, which was effected in so compact a manner, that though the small body of Her Majesty's 14th Light Dragoons, and the Squadron of the Cavalry Hyderabad Contingent, charged them as opportunity offered, they could do little more than cut up stragglers. The ground over which the Enemy were now passing was, I regret to say, of such a nature, that I could only with the greatest difficulty, bring up my Artillery, otherwise their loss would have been more severe; about 250 of their number were, I compute, killed. In addition to their Guns and Ammunition, two elephants and some camels were captured. Had not the Troop of my Brigade been in such an exhausted state from the exertions of the previous thirty-six hours, during which, as the Major-General is aware, they were under arms, or marching with but little intermission, I should have continued the pursuit; I felt, however, that as the Enemy were rapidly moving off from the vicinity of Jhansie, nothing further could be done, so returned to Camp.

3. I have now, in conclusion, the pleasure of placing on record how much I was indebted on the occasion to the Officers of my Staff, to Commanding Officers of Regiments, and to all Officers and Men under their Command; all ranks, both European and Native, were called upon to exert themselves to the utmost, and they responded to the call most nobly. Lieutenant and Adjutant Cochrane, Her Majesty's 86th Regiment, behaved in the most gallant manner during this engagement; he was ever to the front, and had three horses shot under him. I beg to support the recommendation of Lieutenant-Colonel Lowth, Her Majesty's 86th Regiment, that some mark of distinction may be awarded to this deserving Officer. Lieutenant Mills, 25th Regiment Native Infantry, also did good service in surrounding and destroy-

ing, with a small number of his men, some Rebeet who had taken up a difficult position amongst rocks. The conduct of Ressaidar Allahooddeen Khan, of the 1st, and Ressaidar Secunder Allis Beg, of the 3rd Cavalry Hyderabad Contingent, was also marked by great bravery; the latter Officer, I regret to say, has received two very severe and dangerous wounds.

4. I have already transmitted a Casualty Roll of the Men who suffered in this engagement, and I beg to report, that all the Guns and Ammunition taken from the Enemy, have been made over to the Commissary of Ordnance, Central India Field Force

No. 244 of 1858.—The Right Hon'ble the Governor General is pleased to publish the following Despatch from Major General Sir Hugh Rose, K. C. B., Commanding Central India Field Force, bringing to notice the names of certain Officers inadvertently omitted in his Despatch, published in G. O. G. G. No. 174, dated 31st May last, detailing the operations against, and the capture of, the Fort and Town of Jhansie:—

FROM

MAJOR GENL. SIR HUGH ROSE, K. C. B.,
Comdg. Central India Field Force.

TO

THE CHIEF OF THE STAFF,
Dated Camp Soopowhie, 14th June 1858.

SIR,

IN my Despatch, detailing the operations against, and the capture of, the Fort and Town of Jhansie, the names of several Officers of the Force under my Command were inadvertently omitted, whose services I should have acknowledged; I have now the honor to request you to bring them to the notice of His Excellency the Commander-in-Chief.

The name of Captain Abbott, Commanding 3rd Hyderabad Cavalry, although mentioned more than once in the Despatch, is omitted in the list of Officers in Command of Corps. Captain Abbott, at the commencement of operations, was placed by me in Command of the whole of the Cavalry of the Hyderabad Contingent, engaged in the investment of the Fort and Town.

The name of Captain Montrion, Commanding 24th Regiment Bombay Native Infantry, was also omitted in the same List.

Captain Scott, Military Pay Master, Captain Ashburner, Deputy Judge Advocate General, and Captain Gordon, Assistant Commissary General to the Force, have each, in their several Departments, performed their duties to my entire satisfaction. To the two first, I have been indebted more than once for assistance volunteered in the Field.

I have, &c.,

No. 245 of 1858.—The Right Hon'ble the Governor General is pleased to direct the publication of the following Despatch, from Brigadier Rowcroft, Commanding Sarun Field Force, dated 12th June 1858, submitting a Report from Major Cox, Her Majesty's 13th Light Infantry, of a successful attack on a strong position of the Enemy at Amorah, on the 9th Instant:—

TO

THE DEPY. ADJT. GENL. OF THE ARMY.

Dated Camp Bustee, 12th June 1858.

SIR,

I HAVE the honor to forward, enclosed, a Report from Major Cox, Her Majesty's 13th Light Infantry, Commanding a Detachment sent out from the Field Force under my Command, on the 30th Ultimo, relative to his successful attack on the Enemy's strong position at Amorah, on the 9th Instant, for submission to His Excellency the Commander-in-Chief.

2. On the 29th Ultimo, I received from the Commissioner, Mr. Wingfield, an urgent requisition for a strong Detachment to proceed to Bansee, about 32 miles to the North of this: the late Nazim Mahomed Hoossen having suddenly arrived there, with a Rebel Force of some 3,000 or 4,000 men, and 6 Guns, driving out the Bansee Rajah, who, with his family and adherents, fled to Sunnowlee, to a Fort about 12 miles North of Bansee in the jungle, where the Nazim followed

him and besieged the Fort. I immediately ordered a Detachment as per margin, half of my Force, as much as I could venture to spare, with reference to the Enemy lying in my front to the West and to the South, under the Command of Major Cox, Her Majesty's 13th Light Infantry to march the next morning, the 30th Ultimo, at 2 o'clock for Bansee, the Commissioner accompanying the Detachment, to make it in three marches, that the third into Bansee might be short, to enable the Troops to arrive fresh for any work required of them in action. I divided my Force with reluctance, but the case was urgent.

3. On the 31st Ultimo, about 8 A. M., the Tehseedar and Thumadar of Captainingunge, with some 200 irregular matchlock-men, hurried into Bustee, reporting that about 600 Sepoys and other Rebels, with 2 Guns, had advanced on Captainingunge, 12 miles to the West of this, from Amorah, and that a greater force was coming on behind. To prevent the Rebels holding on at Captainingunge, and having time to increase their numbers, and probably attack me here, I immediately ordered the Head Quarters of the Field Force, with the two remaining 12-Pounder Howitzers of the Naval Brigade, to march for Captainingunge, at 7 o'clock the same evening, so as to arrive there about 11 o'clock, and have a few hours' rest before attacking the Enemy at daybreak, the Cavalry to push on at 4 P. M. under Captain Clerk, 4th Madras Cavalry, to be at Captainingunge before dark, for information, and to keep the Enemy in check. All baggage, stores, ammunition, and tents, were ordered to be collected at 5 P. M. in the Hospital compound, for I could barely spare 50 men as a guard to remain behind for their protection.

4. The Enemy probably heard of our preparations to advance on them; for about 6 P. M. I received reports, that the Rebels had retreated in the middle of the day, having plundered the place, burnt down the lines of the Irregulars and the Bazar, and trying to burn the gateway of the brick Teseel, a stronghold for treasure, and calculated to hold about 150 or 200 men. The order for the march of the Troops was countermanded, and the Camps re-pitched, and orders sent out to the Cavalry to push on at daybreak, four or five miles beyond Captainingunge, to see the Enemy well cleared off, and then return to Bustee.

5. Major Cox's Detachment reached Bansee on the 1st Instant, and as they approached the place, the Nazim getting information of it, he immediately gave up the siege of the Rajah's Fort, retired a few miles towards Bansee, and made a precipitate retreat with his force towards the North-West. The Bansee Rajah returned the same evening. Major Cox pursued for two marches towards Doonungunge, by the South bank of the river Baptee, and the Bansee Rajah was to move and co-operate on the north side, but his aid was not very great or efficient. They came up with the Enemy's Rear Guard, and ten of them were cut up by a party of Cavalry, Bengal Yeomanry and 6th Madras Light Cavalry, sent out under Lieutenant Percival, Bengal Yeomanry Cavalry.

6. The Detachment then moved, turning down towards the South-West, by the Bahupore Thanna road, to Hurryah, about 6 miles West of Captainingunge, where they arrived on the 8th instant, and were re-inforced by 90 Rank and File, Her Majesty's 13th Light Infantry, 20 Royal Marines, and 40 Madras Light Cavalry, which I had sent on to Captainingunge to hold that post, and placing them at the disposal of Major Cox, if he called them up for an attack on the Enemy at Amorah, which was successfully carried into effect on the 9th Instant, as detailed in Major Cox's Report.

7. I beg to express my best thanks to Major Cox, and my full satisfaction with the careful manner my instructions were carried out, and for the judgment and ability shown by Major Cox, in carrying out so successfully the service confided to him.

8. The Officers and Troops of all Arms went through their fatigues at this hot and most trying season of the year, with their usual cheerfulness and readiness.

9. I beg to offer my best and cordial thanks to Mr. Wingfield, the Commissioner, for his valuable assistance to Major Cox, and for the daily information he communicated to me, and the Deputy Magistrate, Sheikh Kairoobeen, who accompanied the Commissioner, and afforded all the active aid in his power.

10. I beg to recommend to the most favourable notice of His Excellency, Sir Colin Campbell, all engaged in the operations herein detailed.

11. The Nazim Mahomed Hossen is reported to-day to be at Sirooampore, about six miles North of Amorah.

12. Brigadier General Sir E. Lugard, not having yet assumed Command of the Dimpore Division, I beg to forward this Despatch direct to Army Head-Quarters.

I have, &c.

TO

THE BRIGADE MAJOR,
Sarun Field Force,
Dated Camp Hengyah, 9th June 1858.

SIR,

I HAVE the honor to report, for the information of Brigadier Rowcroft, that the Force under my Command attacked and drove the Enemy from two strong positions at Amorah this morning.

From the information I received, it appeared that in number about 1,000, almost all Rebel Sepoys, occupied the Rance's house and adjacent buildings at Amorah, round which an earth-work had been constructed. Here they had the principal part of their force with 2 Guns; they also occupied our old fortifications on the Bustie Road, which they had repaired and improved; here also they had 2 Guns, so placed as to command the approach and sweep the bridge about 700 yards distant.

From having been for some time encamped in the neighbourhood, I was aware of the difficulties of a direct attack, especially on the Rance's house as the usual road to that place passes close to an extensive bamboo jungle. I therefore made arrangements to attack them from another direction, and during the night had a putte constructed, which crossing the river Ramburka at a ford, would bring us to Amorah by the Gaigiat Road.

Having struck the tents and packed the baggage, I left them on the ground under a sufficient Guard, and marched by this route at 2½ A. M., with 250 of the 13th Light Infantry, 85 of the Bengal Yeomanry Cavalry, and 6th Madras Cavalry, under Captain Vine, 6th Madras Cavalry, and 2 Foot Artillery Guns, and sent Major Richardson on the direct road with the remainder of the Cavalry, 88 in number, two 12-Pounder Howitzers of the Naval Brigade and 55 Infantry, with instructions to consider his as a false attack, not to pass the river, while the Fort was occupied by the Enemy, but to open fire on it from his side of the bridge.

The party under Major Richardson came in contact with some of the Enemy's picquets, who were strongly posted along the edge of a nullah; this delayed his advance, and obliged him to take up a position to keep them in check; meanwhile the Column under my Command, coming unexpectedly on the Enemy's flank and rear, quickly drove him out of his position near the Ranees house.

I pursued him with Infantry Skirmishers, and the fire of Lieutenant Welch's Guns, and sent the Cavalry after them round the jungle, while I cleared it with a Company of the 13th Light Infantry, in extended order, and pushed the Column through the village towards our old fortification.

Such, however, was the consternation caused by the simultaneous advance of our two Columns, that they also speedily evacuated this strong post, and made a most hurried retreat towards Belwah. As soon as I found the Fort was evacuated, I again

sent the Squadron under Captain Vine in pursuit; the Sepoys, however, broke up into several small bodies, which made for different villages, so that although the pursuit was continued for four miles and Captain Vine charged whenever an opportunity offered, he was only able here to cut off 15 or 20 Sepoys, the number of the Enemy found killed on the ground, during the day, being 30 or 40 men.

The positions being both completely carried, and the Enemy in full flight, I returned to Hurrial, with most of the force, leaving the Madras Cavalry, and one Troop of the Bengal Yeomanry Cavalry, to cover the destruction of the houses, &c., recently occupied by the Enemy. The Infantry and Artillery were back in Camp before 8-30 A. M., having marched fourteen miles, and been upwards of an hour in action. I beg to enclose a List of our Casualties on this occasion.

THE CHIEF OF THE STAFF,

Dated Bareilly, 6th June 1858.

SIR,

WITH reference to my communication, acquainting you, for the information of His Excellency the Commander-in-Chief, that the Tantia Rao, or some other Rajah, had crossed the Ganges from the Doab near Oosath, and transmitting copy of letter from Mr. Alexander, upon this subject, and copy of instructions to Brigadier Coke, directing him, in consequence, to proceed to the Budaon District instead of to Philibheet; I have the honor herewith to transmit copy of communication from Brigadier Coke respecting his march.

It appears from information received, that the Rebel Force left the neighbourhood of Jatee, on the 31st Ultimo.

I have sent the Left Wing 42nd Highlanders, Squadron of Carabineers, and Lieutenant Caddell's heavy Field Battery to Budaon, all under Lieutenant-Colonel Wilkinson, from whence they will proceed to Moradabad under Brigadier Coke; and I have instructed Brigadier Coke to leave at Budaon, the 8th Irregular Infantry, and Detachment 17th Irregular Cavalry.

I directed Major Carr, Deputy Assistant Quarter Master General to accompany the Troops under Lieutenant-Colonel Wilkinson, as far as Budaon.

I have been in communication with Lieutenant Cheney, Engineers, at Moradabad, and I am in hopes, that cover for the European part of Brigadier Coke's Force, will be ready by the time he arrives at that Station. The hospital accommodation was to have been completed about the 10th.

The Rebels who were at Islamnuggur, have been defeated by the Troops of the Nawab of Rampoor, and their Guns taken. It is stated, that they are now dispersed.

I have, &c.

Dated Camp Oosath, 4th June 1858.

SIR,

IN continuation of my letter, No. 79, dated Shajehanpore, 31st May, I have the honor to report for the information of the Major-General Commanding, my arrival at this place.

2. On reaching Buria Mathana, on the 1st of June, I received intelligence, that the Rebels were in the jungle, on the banks of the Rangunga, in the vicinity of Kundurria Ghat. On my approaching the Rangunga, this was confirmed by the report of a traveller, who said he had seen their Force on the 1st of June in the forest. I sent off intelligence to Captain Beville, Commanding at Jeellalabad, to which place he had marched with a Wing of the Belooch Regiment and two Guns from Shajehanpore, on the night of the 31st May. I received his reply after crossing the Rangunga, to the effect, that shortly after his arrival at Jeellalabad, on the 1st of June, the Rebels had crossed the Rangunga, near the Fort of Jeellalabad, and had passed in considerable Force, with a number of elephants, about three miles South of the Fort, and were proceeding towards Palee. Captain Beville's Guns drawn by Bullocks, having marched 20 miles that night, were not in a condition to move, and as he had only a Wing of his Regiment and no Cavalry, of which the Enemy had a considerable number, he could not leave the Fort in pursuit of them. Captain Beville, with a few horsemen, followed the Enemy, to ascertain which road they took, and found that they were making for Palee.

Yesterday, on my way towards Budaon, I received intelligence, that more of the Rebels were passing the Ganges near Soorjupore, on which I moved down from Mynaon to this place, and found that the Enemy had not crossed. It is stated, that there are considerable numbers of them on the other side of the Ganges about Ete.

4. I have this day halted here to rest the men and cattle, the long marches having knocked up the latter. I have sent out the Cavalry, about eight miles towards Soorjupore on the banks of the Ganges, to obtain, if possible, correct information regarding the Rebels. Should they not be in that vicinity, I shall march to-morrow to "Kukrala," and the next day, 6th instant, to Budaon.

SIR,

I have the honor to report to you, for the information of the Resident, that I was ordered on the 28th of May 1858, to proceed with a Field Force from Bellary against Rebel Beem Row and his followers, in your Territories. Hearing that they had surrounded Copal, I immediately marched to that place from Hospet, which I reached at break of day yesterday, and halted close to the Fort unperceived by the Enemy, by taking a circuitous route, and having ascertained for certain that the Fort was held by Beem Row and the Rebels, I proceeded to surround as much of the Fort as I was enabled with the Infantry, and Mysore Horse, on which the Rebels opened fire on us, and have continued doing so up to the present time, which is occasionally returned by the Infantry. The Fort appears to be excessively strong with a lofty citadel, and am therefore awaiting the arrival of the Artillery, which I sent around by a route different to the one by which I came, escorted by a sub-division of the 47th Regiment Native Infantry. The Rebels appear to have only three Guns from which they can fire. I am informed by Tehsildar Modun Khan, who was not in the Fort when they seized it, that Beem Row's followers amount to about 400.

A small force from Lingsoogoor under the command of Lieutenant Pedler, has just arrived in Camp. The Fort I have entirely surrounded, and am now commencing to take it. My Artillery has also arrived.

SIR,

I have the honor to report, for the information of the Resident, that I arrived at Copal on the 30th May 1858, as reported in my letter, dated 31st May 1858. On the following morning at 4 o'clock, a small force under the Command of Lieutenant Pedler, accompanied by Lieutenant Taylor, Deputy Commissioner, arrived in Camp, when I despatched a letter to Beem Row, recommending him to allow all the villagers and families of Copal to evacuate the town, and that three hours would be allowed for that purpose, at the expiration of which time, having received no reply, my Guns were placed in position, and action commenced by shelling, and endeavouring to make a breach. I had previously disposed of the Infantry and Cavalry of Lingsoogoor, to strengthen my chain of picquets and sentries. At 12 o'clock noon, as I was preparing, a portion of the 74th Highlanders under Captain Menzies, and a Company of the 47th Regiment Native Infantry, under Captain Rutherford, to storm the lower Forts, signals were shown from the Pettah that the Rebel, were retreating to the citadel. The storming party immediately rushed forward, and entered the Fort by the breach, (that was partly made), and gateway, which was opened by the towns-men, and pursued and attacked the Rebels, following them up towards the citadel, till the passage of the storming party was stopped by a strong gate. Up to this time about 100 of the Rebels had fallen including the Chief Beem Row, and Keuchema Gowd. During this time, I brought around the 2 Guns under Lieutenant Gloag, to a point below the citadel, and to cut off the retreat of the Rebels, and prevent their gaining the uppermost bastions. Shortly after this, a message was sent to me, from Captains Menzies and Rutherford, to send up powder, and a bag to blow open the gate. When proceeding to join them with the powder, the Rebels who had gained the inside of the gate, offered to surrender, and by 3 o'clock we had gained entire possession of the Fort and town, and have taken, up to the present time, 150 prisoners. The 74th Highlanders, and 47th Regiment Native Infantry, vied with each other in the pursuit. A portion of the Rebels attempted to escape to the right of the Fort by a breach, but were driven back by a sub-division of the Hyderabad Contingent. Their escape was entirely cut off. I had guarded every point; the chain of Cavalry picquets and sentries, completely surrounded the fort, and range of hills at the back, for a distance of about 7 miles. The Infantry I had placed on the left of the Fort and Pettah, advanced after the storming party had entered the breach. Had it not been for the great assistance rendered to me by every Officer and men, I never could have accomplished what has been effected, namely, the complete annihilation of Beem Row and his followers; a few may have escaped, but I have as yet heard of none. I am happy to add, that in the attack only one Sergeant, six Privates of Her Majesty's 74th Highlanders, and a Duffada of the Mysore Horse were wounded, a Return of which I beg leave to enclose; none were killed. I have been unable to ascertain by whose hand Beem Row fell, on whose head a Government reward of 5000 Rupees was placed; he fell, between gateways amongst others, and being so hotly pursued by the Infantry, I am informed by the Officers, who were present that it was impossible to discover who actually shot him, so many muskets being levelled at the time. Great assistance has been rendered to

me by Lieutenant Taylor, Deputy Commissioner,
Raichore Doab.

I have, &c.,
(Sd.) WM. RIDDELL, Colonel,

FROM

COLONEL W. RIDDELL,
Comdg. Mynpoorie Moveable Column

TO

BRIGADIER SIR T. SEATON, K. C. B.,
Comdg. the Futtehghurh District.
Camp, Oreyah, 29th May 1858.

SIR,

Your instructions, dated Futtehghurh, the 7th Instant, directing me to march to Oreyah, collect the boats on the Jumna, and construct a bridge at Shereghurh Ghaut, for the purpose of taking ammunition, &c., across to the Central India Field Force, under Sir Hugh Rose, K. C. B., having reached me at Etawah on the forenoon of the 8th Instant, and a reinforcement of 100 Recruits of the 3rd Bengal European Regiment, having joined the Mynpoorie Moveable Column the same morning, I at once placed myself in communication with Mr. Hume, the Collector, and made arrangements for an immediate move.

2. On the morning of the 9th Instant, my Force,

as detailed in the margin, marched to B u k e w a r, where I was joined by the Collector with the Civil establishments, &c., a portion of the Etawah Yeomanry Levies, consisting of 200 Horse, 150 Foot and 4 guns, (one a 12-Pounder carronade, and the rest small pieces of native manufacture, carrying about a three-pound ball).

3. In the course of the day I ascertained that the band of Insurgents, who, for some days past, had been in position at Anuntram, (a village six miles in advance of my present Camp,) had entirely broken up, and retired in different directions, principally towards Oreyah and Aianah, a small Fort belonging to Roop Sing, a noted Rebel and one of their leaders. I accordingly decided on halting here for a day or two, until arrangements could be completed for floating down the boats.

4. To assist Mr. Hume, and conduct the river part of the expedition, I detached the following morning (10th Instant), Lieutenant J. P. Sherriff with his Seikhs, and the Etawah Local Troops and two small guns to the village of Naugaon, at which point it was proposed to collect the boats from Etawah downwards.

5. On the 12th Instant, Major Macpherson, Resident at Gwalior, reached my Camp, en route, to join Sir R. Hamilton at Calpee, and next morning the Force marched to Ajeetmul, and Lieutenant W. Sherriff having reported all to be ready for an onward movement, the following morning (14th Instant), I again marched to Nowadah, a village in the immediate vicinity of the little fort of Aianah, for the two-fold purpose of reconnoitering and covering the passage of the boats.

6. On approaching our halting ground, I directed Lieutenant W. H. Furnell to make a detour to our right, with a squadron of Alexander's Horse, and ascertain the nature of the ground about Aianah, now in full view, and not above a mile and a half off. As he neared the village, the Rebels showed in considerable numbers, and opened a brisk fire on him, but without doing any mischief, whereupon he rejoined the Force, and our Camp was immediately formed.

7. The heat during the forenoon and throughout the day, was most intense and extremely trying, and several cases of sun-stroke occurred; one of them, Lieutenant and Adjutant R. Thomson, of the 3rd European Regiment, terminated fatally after three hours' illness. Before midday, I heard that the Rebels had evacuated Aianah, and in the evening I sent Captain A. Pond, with 100 men of the 3rd European Regiment, to take possession of the place, and adopt measures for its destruction. Major C. E. Walcott, Royal Artillery, accompanied the party, and afforded his valuable aid in driving two mines under the Zemindar's house, and under one of the bastions. This party returned next morning, having accomplished the object desired, and destroyed the village and fort of the Insurgents.

8. Information having again reached me from Lieutenant W. Sheriff, that the river expedition was successfully progressing, I resumed my march on the morning of the 16th Instant, reaching Oreyah by sunrise. The accounts given me by the Local Authorities and Towns-people about the Rebel bands, who have now so long been infesting this locality, were most vague and unsatisfactory, tending, however, to lead me to believe, that they had all gone across the river; but doubting the

truth of their statements, and hearing that a few armed men had been seen by our Advance Guard, lurking about the encamping ground just before we came up, I sent off Lieutenant W. H. Furnell, with a party of Alexander's Horse, to feel his way, in the direction of the river, whilst our Camp was being pitched. As he approached some broken ground about half a mile to our right front, and in the immediate vicinity of the village of Rampoor the Rebels showed themselves by firing on his party, and shortly afterwards they advanced in greater numbers with a few horsemen from the cover of some topes, creeping along over the broken ground. Lieutenant W. H. Furnell then withdrew his Sowars, and I ordered the Force to get under arms.

9. As the Enemy appeared to grow somewhat bolder, I sent forward Major C. E. Walcott, with his two 9-Pounder Royal Artillery guns, and 2 Companies of the 3rd European Regiment under Captain A. Pond with a squadron of Alexander's Horse to drive them back, and act as circumstances might require; and I herewith append the reports of these Officers, showing how ably and judiciously these orders were carried out. I regret having to record, that it was during this part of the operations that Lieutenant W. H. Furnell, in Command of Alexander's Horse, was very dangerously wounded by a Sepoy, who fired at him from a few yards' distance, whilst gallantly charging a small knot of Infantry, well ahead of his men; and Lieutenant H. Chapman, doing duty with Alexander's Horse, who accompanied Lieutenant W. H. Furnell in this charge, had his horse severely wounded in two places by musket shots. I subsequently threw forward a third Company of Europeans, to occupy the village in our front, on ascertaining that Major E. C. Walcott and Captain A. Pond had succeeded in driving the Enemy across the river, which they had fully effected by 1 P. M.

10. In the mean time, I received a communication from Major the Honorable T. Bourke, Her Majesty's 88th Regiment, in Command of a Detachment from Colonel Maxwell's Column, informing me of his being within a short march of Oreyah, and soon afterwards, Lieutenant Angelo reached my Camp with his Towana Horse, having been sent over by Major the Honorable T. Bourke on hearing our guns open. I immediately sent word to Major the Honorable T. Bourke, requesting him to move up to Oreyah in the cool of the evening, and at 5 P. M., I changed my Camp close down to the river's bank, so as to secure complete possession of the Sheregurh Ghaut. Major the Honorable T. Bourke reached Oreyah soon after dusk, and formed his Camp between Oreyah and the village of Rampoor, which stands on the verge of the ravines.

11. The Enemy took up a position on the opposite bank of the river about 1,200 yards distant, in a village and a small tope of trees, planting their three small guns in the ruins of a small Bungalow, from which they kept up a random fire at intervals, until the afternoon of the 17th Instant, when they suddenly withdrew their guns, and retired some two miles on the village and fort of Bhudeh.

12. On the evening of the 17th Instant, Lieutenant J. P. Sherriff reached the Ghaut with his fleet of boats, and I herewith forward his report of the river portion of the expedition, and to which I beg to call particular attention, as I consider the manner in which this duty has been performed reflects the highest credit on all engaged in it.

13. Deeming it advisable to destroy the village of Sheregurh, and a number of huts erected by the Rebels on the opposite bank as a sort of standing Camp, I sent over the Seikhs and 100 of Mr. Hume's Levies, under Lieutenant W. Sherriff, on the morning

of the 18th Instant, supported by a party of 100 Europeans under Lieutenant H. B. Blake to effect this object, which was completely carried out notwithstanding that the Rebels assembled in considerable force, and brought out two of their guns from the Ghurree of Bhudeh. Having taken up a position on the high cliff on this bank of the river, I watched the whole operation: and on observing that the Rebels were advancing in great numbers, and gradually drawing round our Detachment, I sounded the recall, on which Lieutenant Sherriff withdrew his men slowly, and with the greatest regularity, and the party re-embarked and returned to this bank. We had one European Sergeant (Sergeant-Major Edmonds, of the Etawah Local Artillery,) one Sepoy, and a Regimental bheestie, slightly wounded.

14. On this occasion, I calculated that the Rebels mustered at least from 1,000 to 1,200 footmen, many of them armed and accoutred as Sepoys, about 100 Cavalry and Horsemen, and 2 guns; and as far as I can ascertain, were under the direction of Lallporie Gosain, an adherent of the Nana, aided by the Chief of Bhudeh, and Roop Sing of Aianah; they took up their former position immediately opposite to us, but the greater part of their force returned again to Bhudeh, on finding we had no intention of making any further movement on their side of the river. Nevertheless they recommenced firing at intervals from their guns, and to take random shots with their rifles, and large heavy matchlocks without the slightest injury to us.

15. On the 20th Instant I ordered Major the Hon'ble T. Bourke to rejoin Colonel Maxwell, C. B., now before Calpee on this side of the river, the latter Officer having written to me urgently, requesting that the Detachment might be allowed to return, their services being greatly needed to work his mortar batteries, &c.

16. Thus matters continued till the forenoon of the 24th, when suddenly the Enemy again withdrew their guns, and entirely disappeared, there not being apparently a scout left as a look-out. This somewhat unexpected movement was, however, fully explained by the receipt, that evening, of the intelligence of the occupation of Calpee, by Sir Hugh Rose, on the preceding day, an event of which they no doubt got intimation some hours earlier.

17. Sir Hugh Rose's instructions for the disposal of the boats having reached me through Colonel Maxwell, C. B., on the morning of the 28th, I immediately entered into communication with Mr. Hume, and arrangements were at once made for their being sent down to Calpee, under charge of the Local Police. The boats left Sheregurh Ghaut the same afternoon, and this morning I formed my Camp in the vicinity of Oreyah.

18. Having thus completed the special duty entrusted to me, I have only to record my entire satisfaction with the conduct of all the Troops composing my Force. Their cheerful endurance of the fatigues and exposure to which they have been necessarily subjected has never flagged, and every Officer and Soldier has vied one with another in the performance of the trying duties which the nature of the service called for.

19. I would beg particularly to call attention to the services of Captain and Brevet-Major C. E. Walcott, Commanding Detail of Royal Artillery; to Captain A. Pond, 3rd European Regiment; to Lieutenant J. P. Sherriff, in Command of Detachment of 2nd Punjaub Infantry, and Lieutenant W. H. Furnell, of Alexander's Horse, who succeeded to the Command of that Corps on the departure of Captain W. R. E. Alexander, on Medical Certificate. Captain Pond is a first-rate Officer, and being my Second in Command in the 3rd European Regiment, and the only Officer with the Force above the rank of Subal-
